(2023-2024) Misook Yu, CFP® ,2023-12-19 Most Americans are in great financial pain They may appear to be fine because they don't express their suffering but the overwhelming majority three out of four are living paycheck to paycheck with less than 1 000 for emergency savings Many parents are still making payments for their own student loans while scraping every dime to send their children to college at the same time People even with health insurance often hesitate to see a doctor because they fear what they may have to pay under deductible and coinsurance Seniors are frequently skipping a meal because they can't afford it How could that be Among many reasons expenses for college education and medical costs have been increasing at a faster rate than inflation while wages have been stagnating in the past decades And with decreasing pension plans people have to prepare for their retirement now for which they have no training Financial professionals have been chasing the wealthy for so long leaving the ordinary people who

could've significantly benefited from their service mostly underserved. Many politicians seem to favor policies that are beneficial for their mega donors while lip servicing wage workers to get their votes. Working hard and being frugal is no longer enough for most people to be financially stable as it had been for the previous generations. What choice do you, an ordinary person, have to survive in this reality? Save as if your life depends on it and vote for politicians and policies that support your financial interests. Learn tax advantaged features and utilize asset protection rules that have been enjoyed by the wealthy for so long and use them to save, grow, and protect your money. You have more power than you may think to improve your finances, and I hope this book will help awaken that power within you. **Sports Ministry** David B.

Lewis, David Irby, William Galipault, Wayne Rasmussen, 2023-03-22. The hope of the Gospel is a universal message and sports are arguably the universal language. Sharing the former through the latter is a powerful combination for changing lives. For students with a heart for both the field of sports ministry presents an idyllic career opportunity. Until now there has never been a college textbook devoted to sports ministry. With the arrival of Sports Ministry college and university instructors have a dedicated text for educating students on the how-to process of developing viable sports ministry programs that share the Word and positively influence the world in which we live. Chapters dedicated to fiscal responsibility, facility management, and legal matters educate students on the corporate aspects of running a sports ministry program while discussions centering on the intersection of sports and faith compel students to contemplate positive and negative aspects of competition, whether competitive sport is compatible with faith and ethical behavior in sport. In addition, students will gain a historical perspective of the sports ministry movement and be introduced to many sports ministries serving today at the local, regional, national, and international levels. With Sports Ministry students will gain the knowledge and tools to share their faith and offer hope to others through the universal language of sport.
