To whom it may concern:

Steve and Anne Perron have come up with a spiritually brilliant and super effective Children's Church curriculum and program. It has been tried and proven at our church and will continue to be our biblical program for the future. It is Biblically instructive, evangelistic, and generates a real love for the things of God in our children. You can't go wrong with FEATHERZHUSE if you want children to know and love Jesus. I recommend it strongly as a pastor who has implemented it in his church.

Sincerely,

Bro Glenn Denton

Braxton, 2010-08-01 Helpful and insightful strategies for preaching from the writings of Paul Few biblical figures are more compelling to preachers than the apostle Paul The story of his dramatic conversion on the road to Damascus is a favorite example of the way that God turns lives around His writings contain the earliest witness we have to the Christian gospel His message of God's offer of grace in the life death and resurrection of Jesus Christ is deeply appealing So why is it that when it comes time to choose a text for this Sunday's sermon preachers so often choose something other than Paul When Brad

Braxton asked himself that question he realized that preachers are often daunted by the size and complexity of the Pauline corpus Drawing on his expertise as a New Testament scholar and homiletics professor as well as on his experience as a pastor Braxton offers the reader tools with which to wrestle more effectively with the complex yet essential message of Paul Eschewing either a solely historical approach or a completely spiritual one the author brings the two together to explore the meaning of Paul s message in its original context as well as its contemporary application Written with imagination and depth of understanding this book is for anyone who wishes to know Paul better and to preach from his letters more effectively
