An EasyGuide to APA Style Beth M. Schwartz, 2016-02-25 Written by experienced psychology instructors Beth M. Schwartz, R. Eric Landrum, and Regan A. R. Gurung, all active and respected members of the American Psychological Association, APA Society for the Teaching of Psychology, the updated Third Edition of *An EasyGuide to APA Style* provides a reader-friendly guide for mastering APA style and covers all sections of an APA style paper. Clear, conversational, and humorous, the book presents easy-to-understand explanations of how to write research papers, term papers, and lab reports and cite references following APA style and format. The authors focus on the most essential elements of APA style and format, offering useful advice, tips, and visual representations. *A Short Guide to Writing about Psychology* Dana S. Dunn, 2024-03-25 Tailored for all levels, this updated classic equips psychology students with the tools needed to clearly articulate complex ideas, navigate the nuances of APA style, and succeed in academic and professional endeavors. Whether drafting a first research paper or preparing for publication, this guide is an indispensable companion on the journey to mastering psychological communication. New to the fourth edition: Integration of APA 7th edition style updates; Expanded reference materials including the latest in citation practices for websites and other online resources; Enhanced advice on using gender-neutral language and writing inclusively about sexual orientation; Annotated student paper examples following the updated APA format; New exercises at the end of chapters to refine and test writing skills; Updated list of psychology journals. *Easy Checklists for Essays* Lee B. Sherry, 2004-11-09 **A Universal Template for Research Position and Life Experience Papers** Dale Benjamin Drakeford, 2005 The self-descriptive title *A Universal Template for Research Position and Life Experience Papers* implies that there is a position that writers take in even the simplest of essays. As such, the Template provides an opportunity to accomplish two tasks at once: consider the definitive differences between Research Position and Experience papers and explore the issues that impound and empower contemporary urban education. Dale Benjamin Drakeford provides an interactive workshop to guide student writing on any social science subject. Agreeing with many scholars that public and free pedagogy is indispensable, the author also argues that there is no wrong or right in scholastic debate; only correct presentation of objective thoughts or non-objective attitudes. This, the author says, is what is sometimes forgotten in the heat of getting ideas on paper. Hence, the Template provides structure for planning papers and in-process cues for staying on task to complete them with proper formality. **Essentials of Modern Language Association Style** Joseph F. Trimmer, 1998 Summarizes the documentation style of the Modern Language Association of America as it pertains to writing research papers, providing information on how to prepare a bibliography, how to document sources within the text of a paper, when and how to use footnotes and endnotes, and how to avoid plagiarizing.
