The Modern Language Association (MLA) provides guidelines for documentation style. This template is based on commonly used guidelines from the MLA Handbook (8th edition). For the most up to date information about MLA style and publications, go to the MLA website at: www.mla.org. In MLA format, titles are centered and written in 12-point, easy-to-read fonts like Times New Roman. The title is not bolded, underlined, or italicized. In addition, MLA format requires double-spacing throughout a document.

In MLA format, quotations with fewer than four lines of prose or three lines of verse are quoted directly in the sentence. These lines must be enclosed in quotation marks, followed by the author's last name and the page or pages of the source from which you are quoting in parenthesis, for example: "inline quotation here" (AuthorLastName 31). Note: The end punctuation follows the parenthesis.

On the other hand, quotations that are longer than four lines of prose or three lines of verse follow different guidelines. These quotations are introduced with a colon:

Start long quotations on a new line. Indent the quote one inch from the left margin. Double-space the lines and omit quotation marks. Reference the source as you would for a shorter quotation. To quickly format a quotation of over four lines or three lines of verse, use the Long quotation style provided in this

School Library Journal, 2004 Guide to Reference Books for School Media Centers Christine Gehrt Wynar, 1986 **Resources in Education**, 1996 The English Record, 1996 **Success at School**, 2002 The Brief Penguin Handbook with Exercises Lester Faigley, 2009

Lester Faigley understands how students learn best. The design and approach of *The Brief Penguin Handbook* started with ideas and suggestions from real students, and thus it is uniquely successful when it comes to giving students the information they need in a format they will actually use. This handbook continues to innovate in its design as well as its content to make handbook topics accessible. The book enhances visual examples, a new section on writing across the curriculum, more student samples than ever, and expands documentation coverage, including a new five-step guide to the documentation process. Research coverage has also been augmented to acknowledge that students begin their research online rather than in the library, and new staying-on-track boxes have been added to help students check themselves and avoid getting lost in the writing process.

Success in School Susan Andres, Felicity Pine, 2012-03-13

In nine cohesive chapters, *Success in School* covers the essential skills and strategies that are prerequisites to student success: how to promote a positive attitude, how to organize a work space, how to manage time, how to heighten reading comprehension, how to take notes, how to study for exams, how to approach and complete writing assignments, and how to refine language skills. The content unfolds in a consistent format of numbered steps and bullet points, enhanced by real student samples, examples, and illustrations. Printed in large format, full color, and with spiral binding, this book is not only informative but also eye-catching and easy to use. The writing is aimed primarily toward parents and other adults who are helping children of various ages and abilities with their schoolwork, but older students can also use this book independently. *Success in School* is a teaching tool, a guide, and a reference manual that will support students throughout their school careers.
