

Grade 2 Report Card Arts Comments:

Thank you for purchasing our Grade 2 Report Card Arts Comments resource. The purpose of these comments is to help you create or supplement your own comment bank that can aid you during report card time. All comments have been created in a Word document so you can easily cut and paste or edit the comments to suit the unique needs of your students. We also understand that many administrators and school boards expect comments to be written in different ways, so you may need to make changes or reword comments based on your requirements. For example, we've included qualifiers right in the comments (for your convenience) but if you don't need them, feel free to simply take them out. Also, our comments are formatted to always include what was learned by the student, their strength, evidence of how it was learned and next steps. Again, feel free to change this as needed and personalize comments based on your documentation of learning or forms of assessment.

This product contains the following helpful resources:

- The Arts Report Card Rubric & Next Steps
- Report Card Qualifiers Chart

Note: All rubrics contain levelled sample comments (Level 1, Level 2, Level 3, Level 4) to help you easily match your comments to the grade provided on the report card. These are distinguished not only by qualifiers but also by the difficulty of the skills at each level. In addition, our comments are written in an anecdotal format and not in point form or a list.

Classroom Assessment in Action Mark D. Shermis,Francis J. DiVesta,2011-04-16 Classroom Assessment in Action clarifies the multi faceted roles of measurement and assessment and their applications in a classroom setting Comprehensive in scope Shermis and Di Vesta explain basic measurement concepts and show students how to interpret the results of standardized tests From these basic concepts the authors then provide clear and ordered discussions of how assessment and instruction is integrated into a functional process to enhance student learning Guidelines are set forth for constructing various common assessments Procedures are laid out to evaluate and improve assessments once they are constructed Ultimately the authors shed light on the myriad of factors that impact test score interpretation In today s classroom technology has become a constant companion and Classroom Assessment in Action exposes teacher candidates to emerging technologies they might encounter in building their repertoire of assessments whether it be automated essay scoring or electronic portfolios Classroom Assessment in Action guides its readers to a complete and thorough understanding of assessment and measurement so that they can confidently work with students and parents in explaining results whether they are from a high stakes statewide assessment or the grading philosophy to which they ascribe

MEASUREMENT IN TODAY'S SCHOOLS JULIAN C. STANLEY,1964 Education Statistics Quarterly ,1999 Questioning the Music

Education Paradigm Lee Bartel,2004-09-15 Twenty three contributors turn a critical lens on the dominant music education paradigm to examine how we teach what we teach for what we teach what is expected of teachers and how we teach them whom we should be teaching and the very assumptions and structures of which we base our practice

Teachers at the Table Annalee G. Good,2018-10-25 Teachers at the Table is based on the simple premise that policy matters in education and teachers matter to policy Policy reflects and shapes society s beliefs about schools teachers children learning and society as well as the power structures embedded in our communities and decision making processes If policy is a public response to perceived social problems it matters who is at the table when the problems are defined the agendas set and the policy itself designed Although teachers may be central to the implementation of education policy they are marginal to the design of it

especially around issues of teaching and learning In short teachers are not at the table This is important because the lack of teacher voice in educational policymaking disconnects the goals and design of education policy from the actual lived challenges of implementing it This book draws on a qualitative case study with both practicing and pre service teachers involved in a policy advocacy professional development program Findings from the study illustrate norms and routines the nature of teachers work hierarchy of authority and professional status that act as barriers to teacher involvement in policy creation The book then follows with clear examples of teacher pushback against these same norms and details the conditions under which teachers can interact in authentic ways with decision making structures in schools and policy Teachers at the Table is a unique examination into these dynamics informing the critical efforts of teacher leaders to participate in educational policy creation and helps us to understand and more importantly act upon the structures around teachers to better support their involvement in policymaking with the ultimate goal of producing better educational policy that is more relevant and responsive to the youth educators families and communities it serves
