Daresh, Don Schulte, 2011-09-22 In

recent years research that has identified instructional leadership as a key ingredient in effective schools has meant that attention has been directed increasingly at the ways in which future school administrators are being prepared. As a consequence many universities have worked to develop administrator preparation programs that will enable individuals to face the challenges that await them when they step into the world of the principalship or some other administrative role. Despite these efforts however a final ingredient has been missing from the majority of preservice programs. *Marketing Your Educational Leadership Skills* focuses on how to help people find the job for which they have been prepared. This book provides practical suggestions for finding a first job as a school administrator or for advancing current administrative careers by seeking a new position and introduces a model for administrators to market their potential skills and abilities as an educational leader.

English Learners Left Behind Kate Menken, 2008-02-27 In the wake of recent federal legislation entitled No Child Left Behind high stakes standardized testing for accountability purposes is being emphasized in educational systems across the U S for all students including English Language Learners ELLs. Yet language proficiency mediates test performance so ELLs typically receive scores far below those of other students. This book explores how tests have become de facto language policy in schools shaping what is taught in school how it is taught and in what language s it is taught. In New York City while most schools responded to testing by increasing the amount of English instruction offered to ELLs a few schools have preserved native language instruction instead. Moreover this research documents how tests are a defining force in the daily lives of ELLs and the educators who serve them.

Managing Staff for Improved Performance David Middlewood, Ian Abbott, 2017-01-12 *Managing Staff for Improved Performance* provides a comprehensive guide to people management in schools giving school leaders and managers clear insights into how to develop employee performance and ensure high quality service in education. Middlewood and Abbott explore human resource management HRM theory and practice drawing on examples from a wide range of school contexts across many different countries. They examine what is meant by all levels of performance from excellent to poor and

offer strategies for evaluating the performance of all staff starting with the school leader The authors also explore a range of issues including recruitment performance related pay working with unions and other professional organisations engaging stakeholders and the thorny issues around dismissal procedures Throughout this comprehensive guide for aspiring and practising school leaders the emphasis is on taking a proactive and positive approach with a view to developing a culture within the organisation which only accepts very effective performance and supports the style and approach of the school leader

Educational Leadership and Asian Culture Peng Liu, Lei Mee Thien, 2023-08-11 Providing a window on educational leadership from an Asian cultural perspective Liu and Thien's edited collection describes how educational leadership is linked with national culture in the context of different Asian countries While much of the scholarship on this topic has been built on Western paradigms this book examines the measurement of school leadership from a diverse lens by taking cultural context into account while examining educational leadership Drawing on cross cultural perspectives the authors investigate the relationship between leadership for learning and societal culture in addition to the relationship between leadership style and culture The text provides a theoretical basis for understanding leadership in the context of Asian countries and offers practical suggestions for identifying effective and culturally sensitive leadership practices in similar cultural contexts An excellent resource for graduate students researchers in comparative education educational practitioners looking to improve their education practices and anyone interested in cultural leadership practices

The SAGE Handbook of Interview Research Jaber F. Gubrium, James A. Holstein, Amir B. Marvasti, Karyn D. McKinney, 2012-02-14 The new edition of this landmark volume emphasizes the dynamic interactional and reflexive dimensions of the research interview Contributors highlight the myriad dimensions of complexity that are emerging as researchers increasingly frame the interview as a communicative opportunity as much as a data gathering format The book begins with the history and conceptual transformations of the interview which is followed by chapters that discuss the main components of interview practice Taken together the contributions to *The SAGE Handbook of Interview Research* The Complexity of the Craft encourage readers simultaneously to learn the frameworks and technologies of interviewing and to reflect on the epistemological foundations of the interview craft

Practical Guide to College Admission Willard Dolman, 2001-07-06 Much material is available on the internet and in print regarding college research admission and matriculation *THE PRACTICAL GUIDE TO COLLEGE ADMISSION* however is the sole tool that brings all of the pieces together and arranges them in a step by step process to allow the needs of the students to be equated effectively with the characteristics of over 3000 colleges and universities This

method of research allows the candidate to restrict applications to four or five schools that are the best matches These realistic applications will result in multiple acceptances From these the candidate can choose to matriculate at his her best match This method was developed and used by the author in one of the best school districts in the United States Doing Case Study Research Dawson R. Hancock, Bob Algozzine, Jae Hoon Lim, 2021 Now in a Fourth Edition this how to guide is an excellent starting point for anyone looking to begin case study research The authors all professors teaching graduate students in education and other professions provide the structure detail and guidance needed for beginning researchers to complete a systematic case study Improvements for this edition include more practical and detailed guidance for conducting a literature review a more efficient and easy to understand reorganization of the case study examples and updated citations throughout the text As with previous editions this succinct handbook emphasizes learning how to do case study research from the first step of deciding whether a case study is the way to go to the last step of verifying and confirming findings before disseminating them It shows students how to determine an appropriate research design conduct informative interviews record observations document analyses delineate ways to confirm case study findings describe methods for deriving meaning from data and communicate findings Book Features Straightforward introduction to the science of doing case study research A step by step approach that speaks directly to the novice investigator Many concrete examples to illustrate key concepts Questions illustrations and activities to reinforce what has been learned *Pushing the Limits* Sakre K. Edson, 1988-01-30 By providing new understanding and insights into the backgrounds and experiences of women pursuing administrative careers in education Pushing the Limits fills a critical void in the existing literature Sakre Edson s five year investigation documents the accounts of 142 nonminority and minority women across the United States seeking administrative roles an area of public school responsibility where women remain underrepresented Edson s book is unique in its focus on aspirants those women currently preparing and competing for principalships and other top administrative positions rather than on established female administrators or on women who have chosen not to aspire beyond the classroom The female teachers graduate students and entry level administrators quoted here give voice to the struggles would be female school executives face and their experiences and reflections not only question the impact of the women s movement and equity legislation upon employment practices but serve to illuminate the problems of women and minorities excluded from managerial ranks in professions outside of education Throughout the work one theme prevails As they push the limits of this traditional male bastion these women are confident in their abilities to succeed and even to excel in managing the nation s schools The Transitional Considerations of Traditional Potential Community College Presidents William Vernon Karns, 2008
