

SERVICE MANUAL STIHL 045, 056

FOREWORD

This Service Manual covers model 045 chain saws up to machine number 5 919 430 as well as later machines unless technical information bulletins have been issued in the meantime with updated repair procedures.

Model 045 have substantially the same constructional features as model 056 chain saws. This Service Manual can therefore be used for the 056 chain saws as well.

In the event of faults it is quite possible that a single fault may have several causes. It is therefore advisable to consult the "Trouble-shooting Chart" in each chapter when tracing faults. We also recommend that you make use of the exploded views in the illustrated parts lists when carrying out repair work.

This service manual and all technical information bulletins are intended exclusively for the use of STIHL servicing dealers and staff and must not be passed on to third parties.
