

A romantic couple is shown from the chest up, submerged in a pool of water. The man, with dark hair, is leaning over the woman, whose long, light-colored hair is floating in the water. They are both looking down at each other, creating an intimate and sensual atmosphere. The lighting is soft, highlighting the contours of their bodies and the ripples in the water.

Werrell,2015-11-06 Includes over 90 illustrations Dr Kenneth Werrell s history of ground based air defense performs an important service both to scholarship and more important to the defense of our nation s freedom It is perhaps human nature that we tend over time to lose sight of the lessons of the past especially when they do not conform to certain cherished preconceptions of ours That such myopia can be dangerous if not downright disastrous Doctor Werrell s study richly illustrates Without sentimentalism he chronicles a pattern of lessons learned and too quickly forgotten as the marvel of air power was reminded again and again of its limitations and vulnerability In Korea and in Vietnam the American people were stripped of their illusions of national and technical omnipotence The unhappy outcome of those two conflicts were doubly lamentable because the lessons of World War II were or should have been fresh in our minds In that world war as Doctor Werrell shows relatively cheap ground based air defense did make a difference at Ploesti at Antwerp and at the Rhine bridges *Stinger* Don Pendleton,1995 Silence and Subject in Modern Literature U.
