and that's where she got the idea for her hockey series. She can barely skate but she loves the smell of a hockey rink right before a game, the excitement of the crowd and cheering her favorite players on. California Waves (The Davenports, Book 2) Bella Andre, Nicky Arden, 2024-05-30. A beautiful series. The writing, story, and characters are all amazing. I cannot wait to watch the other Davenports fall in love. 5 stars.

When Herschel Greenfield achieved his dream of becoming an astronaut and going on space missions, he thought he knew the risks, but he never expected his splashdown would go wrong and he'd nearly drown. He tells everyone he's fine, but if that's true, then why can't he get into the ocean? Somehow, somehow, he needs to conquer his fear so that he can continue going into space.

When pro surfer Mila Davenport suffered a career-ending accident that almost cost her life, she had to adjust to an entirely new life where she spent more time on land than in the sea. While she loves her new career as a realtor, nothing makes her feel more alive than riding the waves. Certainly, no man has ever come close to giving her that same rush that the ocean does. But after meeting Herschel, when she learns about his emotional fallout from his crash landing, she wants nothing more than to help him learn to love the sea as much as she does, despite his harrowing experience. The only problem is that she also thinks he's incredibly sexy and can't help but want him. More than she's ever wanted anyone. And when it seems like he feels the same way about her, that's when things suddenly feel truly dangerous. Far more dangerous than any surfing accident or crash landing. Because this time, around Mila, isn't just risking her body, she's risking her heart. But is Hersch willing to risk his heart, too? Or once he gets over his issues with the sea, will he be on the next spaceship out of town, and she'll be left with nothing but the memories of being with the most incredible man she's ever known?

Stars Shine In Your Eyes (London Sullivans 2) Bella Andre, 2024-07-18

Loved it Loved it Loved it Long live the London Sullivans 5 stars According to the British gossip columns, billionaire Malcolm Sullivan is one of the most eligible bachelors in England. His siblings love to tease him about that, and since he also thinks the whole thing is ridiculous, he takes no offense. The irony is that while he is great at his job, he's terrible at dating, let alone falling in love. In fact, he's been told during nearly every single break-up that as long as he stays wed to his high-powered job, he will never find true love.

Josie Hartwell is thrilled about her new contract job working with bookstore owner Mari Everett to set up a reading retreat on Elderflower Island. However, she's shocked to realize that she will not only be working closely with Malcolm Sullivan on the project but that she'll also be staying in his houseboat on the Thames. For more than a decade, she's worked to forget about Malcolm, who had been an exchange student at her high school in Coeur d'Alene, Idaho. Like everyone else, she'd had a secret crush on him. Unlike everyone else, however, it was only her heart that he'd crushed. Now that they're unexpectedly reunited as they spend more and more time together, the sizzling heat between them becomes hotter than anything either of them have felt with anyone else. But do they have any chance of a lasting love? Can Josie risk her heart on the man who smashed it into a million pieces? Can she trust him to get it right this time? Or should she walk out of his life the same way he once walked out of hers?
