Making Your Doctoral Research Project Ambitious Nadia Siddiqui,Stephen Gorard,2022-04-25 This book presents the doctoral dissertation process as not just a way of getting a qualification or even a method of learning how to do research better but as a substantial and significant piece of research in its own right The book will inspire current and prospective PhD scholars to take up ambitious and large scale study projects dedicating this most important time to a worthy piece of

research This edited collection provides real and outstanding examples of multiple research design methodologies which will allow doctoral researchers to develop a wide set of research skills leading to the development of a high quality academic thesis from which peer reviewed research papers and books can emerge Each main chapter presents the summary of a doctoral thesis followed by focused aspects from the projects where the contributors highlight the development of a research design the process involved in executing the design and present selected findings with their implications Each chapter concludes with the researchers experiences of learning through this journey and the implications of the process for the development of the discipline and their own career Ideal reading for doctoral students and supervisors this book is a source of encouragement and motivation for new researchers seeking to challenge general perceptions in the social sciences that PhD or other doctoral research projects must be small scale rather trivial studies but can instead produce robust findings that have real world implications

Driving Culture in Iran Reza Banakar,2015-12-18 Iran has one of the highest rates of road traffic accidents worldwide and according to a recent UNICEF report the current rate of road accidents in Iran is 20 times more than the world average Using extensive interviews with a variety of Iranians from a range of backgrounds this book explores their dangerous driving habits and the explanations for their disregard for traffic laws It argues that Iranians driving behaviour is an indicator of how they have historically related to each other and to their society at large and how they have maintained a form of social order through law culture and religion By considering how ordinary Iranians experience the traffic problem in their cities and how they describe traffic rules laws authorities and the rights of other citizens Driving Culture in Iran provides an original and valuable insight into Iranian legal social and political culture

Air Transport in the 21st Century John F. O'Connell,George Williams,2016-12-05 Airlines are buffeted by fluctuating political and economic landscapes ever changing competition technology developments globalization increasing deregulation and evolving customer requirements As a consequence all sectors of the air transport industry are in a constant state of flux The principle aim of this book is to review current trends in the airline industry and its related suppliers thereby providing an insight into the forces that are changing its dynamics The factors that are reshaping the structure of the industry are examined with a view to identifying the key issues whose impact will be critical in the future The book features two very distinct sections The first contains short contributions from industry executives at CEO VP level from airlines aircraft engine manufacturers safety and navigational provider organisations who have set out their take of where the airline industry is heading This commercial input sets the scene for the book and provides the bridge to the second section which is composed of 18 chapters written by distinguished academic authors Each chapter presents a valuable insight into a specific area of the air transport industry including airlines

airports cargo deregulation the environment navigation strategy information technology security and tourism The shared objective of the authors is to describe and explain the core competencies that are determining the current shape of the industry and to examine the forces that will change its direction going forward The book is written in a management style and will appeal to all levels of personnel who work for airlines across the world It is also written for airport authorities aerospace manufacturers regulatory and government transportation agencies researchers and students of aviation management transport studies tourism and the wider air transport industry

Recovering Civility during COVID-19 Matteo Bonotti, Steven T. Zech, 2021-03-02 This Open Access book examines many of the challenges posed by the COVID 19 pandemic through the distinctive lens of civility The idea of civility appears often in both public and academic debates and a polarized political climate frequently leads to allegations of uncivil speech and behaviour Norms of civility are always contested even more so in moments of crisis such as a global pandemic A focus on civility provides crucial insight and guidance on how to navigate the social and political challenges resulting from COVID 19 Furthermore it offers a framework through which citizens and policymakers can better understand the causes and consequences of incivility and devise ways to recover civility in our social and political lives
