suggests cannot be overstated With its rampant political correctness the modern left seems to have lost sight of morality and individual freedom While most commentators stake out a partisan position in their criticism Grey's notion of individual romanticism as the basis of a socially progressive society and his stress on free will culture classical education and the right to dissent demand an overhaul of both the right and the left A fundamental rethinking of the social political and economic foundations of modern industrial society Capitalism and the Alternatives proposes freedom from identity instead of communitarianism and tradition as a condition for liberty and justice
