7 Days to Success Leonardo Mendoza,2014-01-28 Most people ask life changing questions when a traumatic or painful event occurs in our lives Events like a heart breaking end to a relationship or a loss of a job These events force us to evaluate our lives and ask some very important questions Questions such as what am I doing with my life why didn t it work But what separates the more successful people from those leading a life they are not too thrilled about is these life changing questions What if we stopped waiting for painful events to force us to reflect on our lives and began asking important questions on the daily and from that thought is where I was inspired to write this book A systematic way to not only ask these success questions but to do so in a way that we can actually improve our lives before our lives disprove us

School Renewal Torin M. Finser,2001 As a result of today s crisis in education people are beginning to realize that schools involve far more than providing children

with knowledge and skills Schools are communities and like all communities may be healthy or unhealthy School Renewal addresses the problems and challenges of a school community Through the use of fairy tales myths and the personal experience of Waldorf education Torin Finser describes how both teachers and parents can come to grips with common problems such as burnout interpersonal conflicts and the traps of routine Most important the author stresses that an educational community must come to terms with the many unseen dimensions of each individual He shows how these little understood aspects of the mind can be cultivated and nourished to keep the school and education alive School Renewal does not offer formulas and slapdash solutions Rather it encourages a whole new way of thinking about education and personal growth for children and for the adults who care about them if one wish could be granted me on behalf of school renewal I would ask for significant improvement in the quality of sleep afforded to parents and teachers No other change has the potential to do more good than simply eliminating the state of chronic exhaustion found by the end of the week in most schools Torin Finser understands what it s like to deeply care about the education of our children His message will be a healing balm for those open to his wise and practical counsel I want to rush out and buy a copy of this book for every teacher and parent I know Eric Utne founder of Utne Reader Extremely accessible down to earth and full of very important insights I highly recommend this book Dave Alsop Chairman Association of Waldorf Schools of North America Splendid not just teachers but parents students and just plain stressed out citizens would benefit from the wisdom information and insight Finser offers Joseph Chilton Pearce author of Magical Child and Evolution s End Wise guidance for those of us who want to be good stewards of our children and the schools that serve them Parker J Palmer author of The Courage to Teach and Let Your Life Speak An exciting and refreshing book for parents and teachers in his clear and concise writing Torin has shown us how to bring common sense back to our schools Jim Grant Executive Director Staff Development for Educators For Finser school renewal is about self development the suggestions offered here contribute to new ways of thinking about education and personal growth Highly recommended for school administrators teachers community groups and parents Library Journal Shows that a healthy school community is one that is able to recognize and work with the problems that can mar even the most liberal and creative educational systems burnout stress and interpersonal conflict NAPRA Review *Aging* Harry R.
