Becoming Readers and Writers Christopher J. Wagner, Katherine K. Frankel, Christine M. Leighton, 2023-07-31 Centered around the idea that literacy teaching is more than the transmission of strategies and skills this volume serves as a foundation for approaching literacy from an identity perspective Through incisive and accessible chapters from top scholars it introduces readers to the concept of literate identities examining them across ages and grade levels to present an overview of how scholars and educators can use this concept in their research and teaching Organized by developmental level with sections on early childhood middle childhood adolescence and cross age research contributors reveal how literacy can be framed as an identity practice to engage students and support their development Applying a range of theoretical perspectives and frameworks each chapter identifies the identity theory used explains the relevant methodology and research questions covers implications for practice and includes questions or prompts for discussion The volume reveals how understanding literate identities is at the heart of effective and inclusive literacy instruction by addressing key topics including culturally relevant pedagogy intersectionality and transnationalism among others Illuminating multiple pathways to understanding students as readers and writers this book is essential for teachers scholars and researchers in literacy education research methods and multicultural education

[Bilingual Literacy Development at Home](#) Yang Wang, 2025-09-30 This book explores pedagogical implications for how children read write respond to literature and begin to learn an additional language in the home context

Using a longitudinal ethnographic study it explores a bilingual child's literacy development over a span of four years from kindergarten to the third grade in a real life home context in the United States. Written from a parent researcher's perspective it illustrates the child's Mandarin Chinese and English language support at home and in the community during the pandemic and charts the development in bilingual reading and writing multimodal reading responses to children's literature and learning Spanish as a third language. Through rich and detailed descriptions the case study methodology allows a clear articulation of the project's focus and foregrounds the exploration of reading as a sociopsycholinguistic process as well as highlighting multimodality in reading and writing responses translanguageing and bilingual and bicultural identities to study and teach culturally and linguistically diverse children. It will be a valuable resource for literacy researchers scholars and bilingual educators with interests in sociolinguistics literacy education bilingualism and translanguageing.
