Charge of Professional Development Joseph H. H. Semadeni, 2010-06-06 How can every teacher school and district
improve the quality of their schools The answer is to empower teachers to take charge of their own learning says author and
teacher Joseph H Semadeni In this book you ll learn how the Fusion professional development model can help you do just
that This accessible customizable and affordable model gives you proven ways to successfully establish teaching and learning
practices that are grounded in solid educational research In some schools you may wish to begin the program with just a few
teachers and let it gain recognition support and buy in from the biggest skeptics In other schools the whole staff may be
inspired to create their own lists of best practices funding levels and new school day schedules In both scenarios schools
have successfully implemented Fusion where it was needed the most What s most appealing to teachers is that this approach
gives them the chance to determine what strategies they want to learn how much professional development they want to
access and when it best fits their schedules As teachers learn use observe and are observed practicing the strategies in their
classrooms they determine which practices best fit their students and foster achievement With experience teachers become
eligible for related pay increases and Fusion helps teachers to foster the qualities attitudes and behaviors necessary to
