Oxford Studies in Agency and Responsibility Volume 6 David Shoemaker, 2019-09-26 **Oxford Studies in Agency and Responsibility** is a series of volumes presenting outstanding new work on a set of connected themes investigating such questions as What does it mean to be an agent What is the nature of moral responsibility Of criminal responsibility What is the relation between moral and criminal responsibility if any What is the relation between responsibility and the metaphysical issues of determinism and free will What do various psychological disorders tell us about agency and responsibility How do moral agents develop How does this developmental story bear on questions about the nature of moral judgment and responsibility What do the results from neuroscience imply if anything for our questions about agency and responsibility OSAR thus straddles the areas of moral philosophy and philosophy of action but also draws from a diverse range of cross disciplinary sources including moral psychology psychology proper including experimental and developmental philosophy of psychology philosophy of law legal theory metaphysics neuroscience

neuroethics political philosophy and more It is unified by its focus on who we are as deliberators and inter actors embodied practical agents negotiating sometimes unsuccessfully a world of moral and legal norms **The Competency Restoration**

Handbook Laura M. Grossi,2025-09-12 This handbook is a collection of foundational materials for competency restoration providers who work with adult pretrial defendants in the U S We first describe the legal context related to adjudicative competence and provide an overview of foundational competency restoration practices We expand upon these foundational resources by explaining how various clinical interventions can be adapted to help restore individuals to competency We attempt to explain and model a holistic multidisciplinary interdisciplinary and culturally conscious approach to restoration Covering empirically informed theoretical and creative approaches that can be individualized for each specific defendant we aim to encourage and facilitate best practices in competency restoration The reader is encouraged to adopt the interventions illustrated within the scope of their professional competencies to address defendant specific barriers to adjudicative competence Unfortunately there is still very little outcome research on the utility of incorporating these and other clinical approaches in competency restoration Competency restoration providers are encouraged to consider adapting other treatment modalities not mentioned in this handbook i e particularly those which are empirically supported or newly developed for clinical use to facilitate competency restoration Provided by publisher *Critical Literacies and Young Learners* Ken Winograd,2014-11-13 Many pre service and beginning early childhood teachers question if critical literacy is do able with young children particularly in the current top down educational climate *Critical Literacies and Young Learners* shows how it is possible even in the context of the mandates and pressures so many teachers experience and honors the sophisticated and complex social theorists that young children are Featuring a mix of groundbreaking work by iconic researchers and teachers and original contributions by emerging scholars and educators in the field the text illustrates a range of approaches to doing critical literacy with young children and at the same time addresses the Common Core Standards Part I provides several orienting frameworks on critical literacy giving specific attention to its relationship to the Common Core Standards Part II features chapters describing critical literacy in practice grouped in 4 thematic clusters using texts from popular culture and everyday life focusing on issues oriented texts and cultural identity functional linguistic analysis of texts interdisciplinary that engage young learners in critical social action projects Part III addresses the micro political contexts of teaching critical literacy Handbook of Mental Health and Aging Nathan Hantke,Amit Etkin,Ruth O'Hara,2020-04-11 The *Handbook of Mental Health and Aging* Third Edition provides a foundational background for practitioners and researchers to understand mental health care in older adults as presented by leading experts in the field Wherever possible chapters integrate research into clinical practice The book opens with conceptual factors such as the epidemiology of mental health disorders in aging and cultural factors that impact mental health The book transitions into neurobiological based topics such as biomarkers age related structural changes in the brain and current models of

accelerated aging in mental health Clinical topics include dementia neuropsychology psychotherapy psychopharmacology mood disorders anxiety schizophrenia sleep disorders and substance abuse The book closes with current and future trends in geriatric mental health including the brain functional connectome repetitive transcranial magnetic stimulation rTMS technology based interventions and treatment innovations Identifies factors influencing mental health in older adults Includes biological sociological and psychological factors Reviews epidemiology of different mental health disorders Supplies separate chapters on grief schizophrenia mood anxiety and sleep disorders Discusses biomarkers and genetics of mental health and aging Provides assessment and treatment approaches

NL ARMS Netherlands Annual Review of Military Studies 2020 Frans Osinga, Tim Sweijs, 2020-12-03 This open access volume surveys the state of the field to examine whether a fifth wave of deterrence theory is emerging Bringing together insights from world leading experts from three continents the volume identifies the most pressing strategic challenges frames theoretical concepts and describes new strategies The use and utility of deterrence in today's strategic environment is a topic of paramount concern to scholars strategists and policymakers Ours is a period of considerable strategic turbulence which in recent years has featured a renewed emphasis on nuclear weapons used in defence postures across different theatres a dramatic growth in the scale of military cyber capabilities and the frequency with which these are used and rapid technological progress including the proliferation of long range strike and unmanned systems These military strategic developments occur in a polarized international system where cooperation between leading powers on arms control regimes is breaking down states widely make use of hybrid conflict strategies and the number of internationalized intrastate proxy conflicts has quintupled over the past two decades Contemporary conflict actors exploit a wider gamut of coercive instruments which they apply across a wider range of domains The prevalence of multi domain coercion across but also beyond traditional dimensions of armed conflict raises an important question what does effective deterrence look like in the 21st century Answering that question requires a re appraisal of key theoretical concepts and dominant strategies of Western and non Western actors in order to assess how they hold up in today's world Air Commodore Professor Dr Frans Osinga is the Chair of the War Studies Department of the Netherlands Defence Academy and the Special Chair in War Studies at the University Leiden Dr Tim Sweijs is the Director of Research at The Hague Centre for Strategic Studies and a Research Fellow at the Faculty of Military Sciences of the Netherlands Defence Academy in Breda
