### Ecodesign

Ken Yeang, 2008-05-27 You'll find clear instructions on how to design build and use a green sustainable architecture in Ecodesign Author Ken Yeang will show you how to produce and maintain ecosystem like structures and systems whose content and outputs not only integrate benignly with the natural environment but whose built form and systems function with sensitivity to the locality's ecology as well in relation to global biospheric processes He will help you learn to develop structures and systems that are low consumers of non renewable resources built with materials that have low ecological consequences and are designed to facilitate disassembly continuous reuse and recycling and that at the end of their useful lives can be reintegrated seamlessly back into the natural environment Each of these aspects and other attendant ones is examined in detail with regards to how they influence design and planning

Ecological Design, Tenth Anniversary Edition Sim Van der Ryn, Stuart Cowan, 2007-03-31 Ecological Design is a landmark

volume that helped usher in an exciting new era in green design and sustainability planning Since its initial publication in 1996 the book has been critically important in sparking dialogue and triggering collaboration across spatial scales and design professions in pursuit of buildings products and landscapes with radically decreased environmental impacts This 10th anniversary edition makes the work available to a new generation of practitioners and thinkers concerned with moving our society onto a more sustainable path Using examples from architecture industrial ecology sustainable agriculture ecological wastewater treatment and many other fields Ecological Design provides a framework for integrating human design with living systems Drawing on complex systems ecology and early examples of green building and design the book challenges us to go further creating buildings infrastructures and landscapes that are truly restorative rather than merely diminishing the rate at which things are getting worse
