NIGERIA: ECHOES OF A CENTURY Ifeoha Azikiwe,2013-04-17 ONE HUNDRED years past and gone just like yesterday and Nigeria is still in transition Created on the vagaries of British imperialism Lord Frederick Lugard on January 1 1914 unilaterally stitched together two diametrically opposed Northern and Southern parts of the Niger bend to form an entity he called NIGERIA Since then Nigeria has remained changeless but with severe internal contradictions that threaten the shaky foundation on which it was formed By the amalgamation of 1914 Nigeria marks her centenary in 2014 a century that reverberates 46 years of colonial domination which set the agenda for political instability and internal conflicts 29 wasted years of incessant bloody military coups and dictatorship and 25 years of incoherent democratic governance Echoes of a Century discusses fundamental issues in Nigeria s loose federation as well as unresolved national challenges in the past 100 years It also examines the issue of leadership and its ceaseless manipulation through zoning federal character demography ethnicity and religion that revolve around individuals against national interests the politics and illusion of oil wealth that has become the nation s albatross endemic corruption and societal decadence that negate her growth and development and the clamour for a national conference to renegotiate the country s future Could Nigeria have done better as two separate entities as it were before the amalgamation of 1914 or better still as three separate nations as envisaged in 1957 against the encumbrances of its present structure where trust is lacking and confidence progressively eroding among federating units With visible cracks on its bonds of unity rising cases of religious bigotry and fundamentalism ethnic chauvinism and exclusion it is argued that should Nigeria eventually survive as one united nation it may not develop beyond the status of a third world country *Nigeria, Echoes of a Century: 1914-1999* Ifeoha Azikiwe,2013 Echoes of a Century discusses fundamental issues in Nigeria s loose federation as well as unresolved national challenges in the past 100 years It also examines the issue of leadership and its ceaseless manipulation through zoning federal character demography ethnicity and religion that revolve around individuals against national interest the politics and illusion of oil wealth that has become the nation s albatross endemic corruption and societal decadence that negate her growth and development and the clamour for a national conference to renegotiate the country s future **Author, Playwright and Composer** ,1911 **Newspaperdom** ,1900 *Engineering* ,1890 **Japan Weekly Mail** ,1909 **A Financial History of the United States** Jerry W Markham,2015-03-17 This new reference by the author of the critically acclaimed A Financial History of the United States covers the aftermath of the Enron era scandals and the extraordinary financial developments during the period
