The Great Unbundling J. Y. Sterling, 2025-07-04 For hundreds of thousands of years the story of human success was the story of a unique and powerful package In what this groundbreaking book calls the era of the Bundled Ape our ancestors dominated the planet by combining analytical intelligence emotional connection and physical dexterity within a single vessel the individual human Our societies economies and even our myths were built on the assumption that the person with the idea is also the one who feels the passion directs the hands and experiences the consequences Now that bundle is coming apart In *The Great Unbundling* the author presents a stunning new thesis for understanding our turbulent times The true disruption of artificial intelligence is not that it's a new tool but that it is the engine of a historical process that is systematically isolating each of our core functions improving them beyond human capacity and rendering the original human package obsolete This unbundling is being driven at a breakneck pace by the relentless profit seeking engine of modern capitalism which sees in AI the ultimate instrument for maximizing efficiency The evidence is everywhere The Unbundling of Labor Generative AI is poised to automate or degrade the work of 300 million full time employees striking at the heart of the knowledge economy from law and finance to journalism and medicine The Unbundling of Intelligence For the first time raw problem solving capability is being divorced from conscious understanding An AI can pass the medical licensing exams without knowing what it means to heal or ace the bar exam without a concept of justice forcing us to ask what expertise truly means The Unbundling of Connection In an age of profound loneliness AI is stepping in to meet our most fundamental needs With AI companions parasocial relationships and algorithmically curated communities emotional fulfillment is being unbundled from the messy unpredictable and deeply rewarding work of human to human connection What happens to a species whose core evolutionary advantage has been deconstructed and outsourced What is the economic value of a human being in a world where our bundled skills are no longer competitive This leads to the crisis of humanism itself and forces us to consider radical solutions like Universal Basic Income not as a political choice but as a potential civilizational necessity in the face of a useless class But this is not another prophecy of doom The unbundling is not an endpoint but a turning point *The Great Unbundling* is the first book to chart the powerful counter current that is rising in response The Great Re bundling This is the story of the conscious human effort to forge a new purpose From the new artisans who are building thriving businesses on the very integrated authentic human skills that AI cannot replicate to the political movements and policymakers fighting to subordinate this new technology to human values a new path is being forged *The Great Unbundling* is a profound deeply researched and ultimately hopeful guide to the most important transition of our lifetime It provides the essential framework for understanding the forces reshaping our world and offers a stirring vision for how we can actively create our future This provocative and insightful

work argues that we are at a civilizational crossroads We can either passively accept our unbundling or begin the conscious creative and difficult work of forging a new human purpose Essential reading for aficionados of Yuval Noah Harari Nick Bostrom and Kai Fu Lee The Great Unbundling is sure to spark debate and will forever change how you think about the future of humanity *Man of Seven Shadows* Richard Theodor Kusiolek,2020-08-06 It is an ancient time on Earth The Korka Clan led by a giant man are generational members of the Stone Age tribe Tiger Claw As they begin a historical journey through seven portals of time the clan has no idea of the challenges that lie ahead As members of the Korka Clan obtain their warrior credentials through battles with the Mongols in 1237 their village is burned to the ground by the Mongol hordes Over the next seven centuries the Korka Clan must endure forced migration and slave labor while working communal agricultural lands After they eventually resist the clan becomes foundational pillars of kingship Through the brutality of their historical roots the family becomes immersed in rebellions against economic and religious exploitation while engaging in military espionage to gain economic and political security As their journey leads them onward the Korka Clan influence the outcome of battles that ultimately guide future generations into the country of Ukraine and Washington D C to neutralize the existing Deep State The Essential Guide for Student-Centered Coaching Diane Sweeney,Leanna S. Harris,2020-04-22 Insights ideas and inspiration to keep student learning at the center of instructional coaching Diane Sweeney and Leanna Harris whose best selling books have influenced the practice of thousands of K 12 coaches frame how Student Centered Coaching serves as an evidence based model of professional learning that focuses on student outcomes Shifting the focus from fixing teachers to partnering with them to reach goals for student learning takes coaching to the heart of what matters most in schools The Essential Guide for Student Centered Coaching includes all new material that is grounded in the latest research and the authors extensive experience in the field of coaching In it readers will find An emphasis on how coaching can be asset based and focused on equity Current research in adult learning and professional development Examples of how to integrate curriculum into coaching cycles Anecdotes that illustrate what Student Centered Coaching looks like across grade levels and content areas Designed to accompany Student Centered Coaching The Moves Corwin 2017 and Leading Student Centered Coaching 2019 The Essential Guide for Student Centered Coaching provides the reader with a clear vision for how coaching can promote both teacher and student learning In an honest and heartfelt voice Diane and Leanna provide guidance and practical advice to help coaches navigate the complexities associated with their role Diane and Leanna s passion to ensure that student learning stays at the center of improvement work is evident throughout this book as they paint a path of implementation for coaching that will help educators in realizing collective impact Jenni Donohoo Author and Consultant Fifth World Medicine Dr. John C. Hughes,2022-05-25 What begins as a hunger for authentic medicine in a young medical student evolves into a quest for an entirely new world a Fifth World where the line between what is material and spiritual has been dissolved In Fifth World Medicine you will explore the lands myths and prophecies of the Hopi People

chase after coyotes in the deserts of Arizona enter a sweat lodge with a shamanic healer in the far North Country of Canada embrace the power of silence and the medicine of enlightenment go on a vision quest in the depths of the Grand Canyon and find your roots in the sacred temple of the human body and the soil of Mother Earth Fifth World Medicine dares to challenge Westerners and anyone who dwells in the Fourth World a techno industrial world where dualistic thinking and linear scientific methodologies assert their hegemony leading to disease in Mother Earth and her inhabitants Fifth World Medicine provides an exit path for those who hunger for something more than the Fourth World Fifth World Medicine satisfies humanity's deep collective hunger for lasting health as it integrates one's spirit mind body and Earth If you feel this hunger follow the wolf on this journey to the Fifth World a journey guaranteed to test your worldview and entire understanding of what is true

Love over Fear Dan White Jr.,2019-05-07 Aren't Christians Supposed to Be the Loving Ones Whether it's the news social media or well intentioned friends we're told daily to fear others We fear strangers neighbors the other side of the aisle even those who parent differently And when we're confronted with something that scares us our brain sees only two options Attack or Avoid But either way polarization intensifies What if you could defy your own instincts and choose a third option scandalous disruptive unthinkable LOVE Sure we love people who are like us who are easy to enjoy Everyone does But what about our enemies the people we consider monsters Loving them requires exceptional strength strength only the Holy Spirit can provide Love over Fear is a compelling guide to conquering fear with love in an age of polarization Hear stories of those who changed hearts and minds through radical love learn how to practice disarming compassion and discover the disruptive power of showing affection to monsters
