*The Chosen* Jerome Karabel, 2005 Drawing on decades of research Karabel shines a light on the ever changing definition of merit in college admissions showing how it shaped and was shaped by the country at large **Schooling in the Light of Popular Culture** Paul Farber, Eugene F. Provenzo Jr., Gunilla Holm, 1994-06-28 Annotation Explores an underexamined source of influence that affects the way schooling is experienced and understood in contemporary culture namely the flow of symbolic forms comprising mainstream popular culture The volume centers on the portrayal of aspects of schooling its characteristics participants glories and problems as they are constructed and displayed in diverse forms of popular culture The main assumption is that involvement in contemporary schooling at any level as teacher student policymaker administrator or concerned citizen is conditioned by the sociocultural context in which schooling is understood a context that is in turn mediated by powerful forms of popular culture Paper edition 1872 3 19 95 Annotation c by Book News Inc Portland Or *People of Faith* John Arnold Schmalzbauer, 2003 Over the past two decades a host of critics have accused American journalism and higher education of being indifferent even openly hostile to religious concerns These professions more than any others are said to drive a wedge between facts and values faith and knowledge the sacred and the secular However a growing number of observers are calling attention to a religious resurgence journalists are covering religion more frequently and religious scholars in academia are increasingly visible John Schmalzbauer provides a compelling investigation of the role of Catholic and evangelical Protestant beliefs in the newsroom and the classroom His interviews with forty prominent journalists and academics reveal how some people of faith seek to preserve their religious identities in purportedly secular professions What impact he asks does their Christianity have on their jobs What is the place of personal religious conviction in professional life Individuals featured include the journalists Fred Barnes Cokie Roberts Peter Steinfelds Cal Thomas and Kenneth Woodward and the scholars John DiIulio Elizabeth Fox Genovese Andrew Greeley George Marsden and Mark Noll Some of the journalists and academics with whom Schmalzbauer spoke qualified displays of personal religious belief with reminders of their own professional credibility drawing a line between advocacy and objectivity Schmalzbauer highlights the persistent tensions between the worlds of public endeavor and private belief yet he maintains there is room for faith even in professional environments that have tended to prize empiricism and detachment over expressions of personal conviction ,

Olson, 2012-01-01 Mansfield and Vietnam A Study in Rhetorical Adaptation is the first major work to examine the role played by Senate Majority Leader Mike Mansfield Democrat from Montana in the formulation and execution of U S Vietnam policy Drawing upon material from the

Mansfield Papers personal interviews public speeches and recently declassified documents Olson traces Mansfield's journey from ardent supporter of Diem in the late 1950s to quiet critic of LBJ in the mid 1960s and finally to outspoken opponent of the Vietnam War in the late 1960s and early 1970s Olson focuses his attention on Mansfield's speaking ability and his use of the written word analyzing the ways in which they proved crucial in shaping the policies of the Eisenhower Kennedy Johnson Nixon and Ford presidential administrations He also examines the way personal and political situations converged to force Mansfield into the center of the stormy Vietnam controversy and eventually into a position of leadership in the campaign to end America's military presence in Southeast Asia To date little has been done to evaluate the roles played by key congressional figures in the Vietnam War debate thus Mansfield and Vietnam is bound to become a significant contribution not only to rhetorical studies but also to twentieth century diplomatic history and to the study of congressional presidential relations
