1. Intense: The Union in Peril, 1848-1861 page 247

Key Concepts & Main Ideas	Notes
Intensified by expansion and deepening regional divisions, debates over slavery and other economic, cultural, and political issues led the nation into civil war.	Read the Abraham Lincoln quote and first paragraph of the chapter on page 247. List and explain the four main reasons historians agree on that propelled the nation into civil war. 1) Growing sectionalism, with some even being more extreme to a side. Additionally a lot of controversial political events happened. 2) Increased number of arguments on the difference between state and federal Union rights. 3) The North heavily attempted to abolish slavery, while slavery continued to prosper in the South as it was the backbone to it. 4) The South was focused on agriculture and argued against tariffs. While the North was focused on infrastructure and advancements so it could make advancements, the increased transportation methods and infrastructure. Which cause do you view as the most significant? I personally view the growing issue of slavery as being the most significant as it demonstrated the different economies the sides had as well as demonstrate how the South was not able to give up their slaves as they made up their economy.

2. Conflict Over Status of Territories pp 247-248
