Doing Research as a Native Kira D. Jumeat, Merouan Mekouar, 2024 When I started fieldwork for my PhD dissertation I was fresh out of Edward Schatz s qualitative methods graduate seminar at the University of Toronto The seminar was based on his edited volume *Political Ethnography* Schatz 2009 which I devoured but I have only recently grasped the book s importance in my discipline of political science *Political Ethnography* signaled that questions of positionality were finally being taken seriously by political scientists many years after their integration in fields such as anthropology sociology and geography Around the same time the late Lee Ann Fujii whose 2018 book *Interviewing in Social Science Research* in many ways defined the direction of qualitative methods in political science gave a job talk in my department Mesmerized by her account of how local ties shaped mass scale violence in Rwanda I asked Fujii to join my doctoral committee Looking back I realize just how much these formative mentors influenced what I would see as my key responsibilities during my first fieldwork trips to the former Yugoslavia region in 2010 and 2011

This work is the first to take a comprehensive look at the history of immigration policy in the United States through the prism of visual culture. Including many previously unpublished images and taking a new look at Lewis Hine's photographs, Anna Pegler-Gordon considers the role and uses of visual documentation at Angel Island for Chinese immigrants, at Ellis Island for European immigrants and on the U.S.-Mexico border. Including fascinating close visual analysis and detailed histories of immigrants, in addition to the perspectives of officials, this richly illustrated book traces how visual regulations became central in the early development of U.S. immigration policy and in the introduction of racial immigration restrictions. In so doing it provides the historical context for understanding more recent developments in immigration policy and at the same time sheds new light on the cultural history of American photography.
