

Ohio K-12 Model Curriculum

Physical Education Curriculum Map (K - 12)

Preamble:

This document provides model curriculum maps for Physical Education in the state of Ohio, based on the Ohio Physical Education benchmarks and grade-level indicators. The maps were developed by a working group of members of the Ohio Association for Health, Physical Education, Recreation and Dance, funded by a grant from the Centers for Disease Control administered through the Ohio Department of Education. The working group was composed of the following OAHPERD members:

Garry Bowyer, Miami University	Cindy Meyer, Shaker Heights City Schools
Connie Collier, Kent State University	Steve Mitchell, Kent State University
Jennifer Fisette, Kent State University	Judy Oslin, Kent State University
Rhonda Hovatter, Ohio University	Cheryl Poppel, Urbana City Schools
Kevin Lorson, Wright State University	Christopher Poynter, Westerville City Schools
Marcia Matanin, Youngstown State University	Aaron Scheiferstein, Berea City Schools

These curriculum maps show the range of content and assessment to be covered over the course of each year, and are based on the assumption of approximately twice weekly Physical Education at the elementary level and daily Physical Education for two semesters at the secondary level.. By following the relevant grade level map teachers can be assured of completing the required Ohio PE assessments and therefore covering all necessary benchmarks and performance indicators.

Each curriculum map identifies key content areas that align with each of the twelve benchmark assessments and with the grade level indicators within the Ohio Physical Education Assessments. Content can be covered in the sequence in which it is presented or can be expanded, rearranged and/or revisited to meet the requirements of individual programs. The end of grade band year is recommended as the grade level to collect assessment data for the Ohio Physical Education Assessment. The assessment data are submitted to the Ohio Department of Education through the Educational Management Information System (EMIS). It also is recommended that earlier grade levels within the grade band implement formative assessments to track progress and inform instruction.

Each curriculum map contains:

- suggested number of lessons for each content focus;
- aligned benchmarks
- benchmark assessments
- appropriate content focus.
