Patent Office,1970 The Works of Fumito Ueda Damien Mecheri,2019-05-21 Go behind the scenes of the creation of the Fumito Ueda trilogy Fumito Ueda has worked on 3 games ICO Shadow of the Colossus and The Last Guardian Each of them was able to express the depth of their author s reflection his love of purity and showed a real poetry Are video games art This study of the Futimo Ueda s work focuses on the question of the artistic essence of video games EXTRACT When the game ICO was released in 2001 it had several decades worth of video games behind it The game itself was significantly influenced by video games that had touched its creator Fumito Ueda Another World by ric Chahi and Prince of Persia by Jordan Mechner Yet when a player takes the

ethereal Yorda's hand when they feel this physical contact through the vibrations in the controller something happens
Something new and profound Something that can only exist through a video game A simple idea attached to the R1 button
and digital interaction opens a new door Of course this insignificant seeming gesture is but a small representation of what
can really happen Its strength lies elsewhere it draws from everything that makes up ICO its art direction everything in
chiaroscuro its vanishing lines its simple and clear game mechanics its lack of visual interface its quest for physical realism
its minimalist narration its extraordinary sensibilities It is an opening to an evocative otherworld that lets our imagination
soar Contemplative slow and nearly speechless ICO offers an uncommon poetic adventure rejecting traditional video game
standards while still drawing from them Many remained indifferent to it Just as many were touched as rarely before ABOUT
THE AUTHOR Passionate about films and video games Damien Mecheri joined the writing team of Gameplay RPG magazine
in 2004 and wrote several articles for the second special edition on the Final Fantasy saga With this same team Damien
continued his work in 2006 for another publication known as Background before continuing the adventure online in 2008
with Gameweb fr Since 2011 he has written and co written numerous works for Third editions including The Legend of Final
Fantasy X Dark Souls Beyond the Grave and Welcome to Silent Hill Journey to the Center of Hell and actively participates in
the Level Up and Video Game Almanac collections from the same publisher *THE WONDERFUL CITY OF TOKIO* EDWARD
GREEY,1883 **The Strange Works of Taro Yoko** Nicolas Turcev,2019-05-21 Throughout his career Taro Yoko was
despaired by the image of humanity returned by most big budget video games Taro Yoko's strange work reviews the entire
career of this extraordinary creator his games Drakengard NieR and sheds light on the link that constitutes his work Check
out this complete book on Taro Yoko which explores the contours of its games their development the complexity of their
stories and their thematic depth With a preface by Taro Yoko himself EXTRACT Nowadays most of the players who have
heard of Taro Yoko do not associate his name to any particular face Inconvenienced by public appearances the director
systematically equipped himself with a device to cover his face during meetings with the press at least since the creation of
NieR Shortly before the announcement of NieR Automata at the E3 2015 Yoko even had a mask made based on the character
Emil by a plastic artist from PlatinumGames for a mere four hundred euros Since then he has worn it every time he is in the
presence of photo and video cameras His persistence in hiding his face under this thick layer of plastic naturally arouses
curiosity One might be led to believe that this is a communication strategy or the eccentricity of an enigmatic creator
Nevertheless the visual anonymity of the director is in no way a means to nurture the mystery of his personality Far from
comparing himself to the likes of Banksy a famous street artist and statement maker who prefers to remain anonymous Yoko
just prefers to let his games speak for themselves In fact ask him and he will answer with no difficulty that he grew up in
Nagoya in the Japanese prefecture of Aichi Restaurant managers izakayas ramens tempuras etc his parents flitted from one
restaurant opening to the next and entrusted their son's education to his grandmother WHAT CRITICS THINK Overall I

enjoyed my time with The Strange Works of Taro Yoko especially as a fan of the man s works It s a great companion piece for long time fans and if you re looking for more unofficial content to read about for the Drakenier universe you can t go too wrong RPG Site ABOUT THE AUTHOR Nicolas Turcev Journalist specialized in pop culture he has contributed to the following magazines Chronic Art Carbone Games and Gamekult and occasionally participates in the video game analysis site Merlanfrit He is also the author of several articles of the Level Up collection at Third ditions **Advances in Electronics and Electron Physics** ,1964-01-01 Advances in Electronics and Electron Physics **Annual Report ...** Japan.
