The heavy-duty, high-speed printer for large-volume forms printing.

PACEMARK® 3410: the dependable, day in/day out, heavy-duty, high-speed printer from OKI. When your printer is subjected to long runs at high speeds or gets fed a constant stream of multi-part forms and card stock, it just better be a PACEMARK 3410.

We've designed the PACEMARK 3410 for durable output—with fast throughput and the legendary OKI reliability. The strike force of its printhead carries through on 11-part forms with stunning clarity, providing better print quality on any surface.

Three available paper paths make the PACEMARK 3410 more flexible. And, with 3 lines of memory of its leading competitor, the printer does it all—and does it better.

The PACEMARK 3410 performs best in no-nonsense applications calling for heavy-duty throughput. For point-of-sale, it has the capability of printing to the top edge of the form, and the motorized bar assures any document on demand.

In back-office applications, the power and speed of the PACEMARK 3410 make light work of the thickest forms.

And, in networked/shared environments, it's an integral part of the whole: parallel and serial interfaces are standard.

Feed it four ways: by the standard bottom-feed or rear-feed push tractor, or optional pull tractor or single-sheet feed. Short, straight paper paths reduce feeding snags. Quick and easy loading reduces downtime.

Feed it anything: continuous forms, multi-part forms, single cut-stock paper, labels, envelopes, transparencies, even heavy card stock. It pulls paper through at 15 inches per second (ips), and skips speeds at 60 ips.
