Technology for Efficient Learner Support Services in Distance Education Anjana, 2018-09-26 This book explores the ways in which technology is being used by various open universities in developing countries to extend learner support services to distance learners. It shares the best practices being followed by different open universities so that these may be replicated by other universities. It provides an overview of the use of various digital technologies, e-learning tools, eLearning platforms, virtual learning environments, and synchronous and asynchronous technologies in open and distance learning ODL systems. Moreover, it discusses the importance of ODL systems in providing inclusive education in developing countries through the use of ICT with a special focus on adult, rural, and elderly learners, as well as the role of technology in science education through ODL system. A transformative model of sustainable collaborative learning is presented, integrating concepts based on theoretical frameworks to increase the flexibility and solve existing issues in developing countries which may be used for policy changes in distance learning. It concludes by examining various challenges in successfully implementing technology for effective delivery of learner support services in distance education systems in developing countries and exploring the strategies required to overcome these challenges.

Cases on Online Learning Communities and Beyond: Investigations and Applications Yang, Harrison Hao, Wang, Shuyan, 2012-07-31 Technology enriched online settings provide new ways to support lifelong learning. Learners can interact with other learners, gain from their experiences, and then construct their own knowledge, be it through Google Docs, online collaborative communities, YouTube wikis, or blogs. *Cases on Online Learning Communities and Beyond: Investigations and Applications* provides a variety of essential case studies which explore the benefits and pedagogical successes of distance learning, blended learning, collaborative learning environments, computer-supported group-based learning, and professional learning communities. This casebook is an essential resource for educators, instructional designers, trainers, administrators, and researchers working in the areas of online learning and distance learning.
