- Then card is your "film." It stores your images for reviewing, downloading, and printing. To insert, simply slide the card with the gold contacts facing the back of the camera into the slot and close the cover. To remove, simply slide the card out of the slot.

- 1. Turn on the camera**
Slide open the lens barrier on the front of the camera until you feel a click. Icons representing camera default settings appear on the camera control panel, along with the number of pictures available at this present memory settings. The lens barrel automatically extends.
