Improving Schools by Standardized Tests Samuel Stevens Brooks, 1922

When Teaching Writing Gets Tough Annamary Consalvo, Ann D. David, 2024 Writing instruction is a particular challenge because there is no singular linear solution to teaching students to write well This book approaches writing as a wicked problem that takes place in complicated contexts Through both scholarly research and teacher reflection it examines ELA classrooms and the experiences of writing teachers to identify approaches that have proven effective with adolescents The book uses wickedity to frame the problems of teaching writing and offers context specific solutions enacted by teachers While it addresses the realities of standardized

ways of teaching and assessing writing the book also highlights the deep professional knowledge and practical strategies teachers bring to writing instruction in middle and high school classrooms Chapters grapple with tensions between testing and authenticity assessing writing in nuanced ways and finding enjoyment in the work of teaching writing amid and alongside persistent complexities Specific topics include students writing process revision students as decision makers multimodal writing assessment and writer s notebooks data driven instruction the high school to college transition and teacher professional development Book Features Includes examples of how teachers approach specific challenges associated with teaching writing to adolescents analyzing how and why their solutions proved effective Focuses on students engaged in writing in classrooms teachers implementing writing strategies and professional learning Offers a range of relevant voices on the topic of writing instruction with authors that include classroom teachers and scholars

Improving Writing and Thinking Through Assessment Teresa L. Flateby, 2010-06-01 *Improving Writing and Thinking through Assessment* is designed to help individual faculty and administrators select assessment approaches and measures to maximize their students writing and thinking The book offers useful guidance through presentation of recommended assessment guidelines and measurement principles in Part 1 and applications from a variety of contributors in Part 2 It addresses a wide range of audiences including instructors who want to assess and thus foster writing and thinking in their courses administrators and instructors planning to assess writing and thinking at the program or institutional level and graduate students interested in improving students writing and critical thinking This book is more guide than a cookbook By providing comprehensive standards and criteria that help individuals or teams develop plans and measures to improve writing and thinking the book should be helpful for academic and Student Affairs administrators and faculty as the principles apply equally to all engaged in assessment Contributors representing a wide range of educators illustrate many of the approaches and methods described in the theoretical section of the book using a variety of assessment strategies at both classroom and program levels Readers will see how different types of institutions both private and public as well as undergraduate and graduate have designed assessment strategies and plans to gauge and enhance writing and thinking growth in the classroom and across programs They candidly describe challenges encountered and solutions they adopted or suggest These chapters reflect approaches and perspectives from various discourse communities including writing program administrators composition faculty assessment professionals and individual faculty representing several disciplines The author argues the urgent need to develop strong writers and thinkers She discusses challenges and obstacles but underscores the necessity for more faculty involvement and institutional commitment This book will help institutions and individual faculty design and implement sound meaningful assessment strategies to foster effective writing and thinking that will both advance the goals of the institutional mission and meet faculty s disciplinary objectives and scholarly concerns

Time to Write, Second Edition John Sylvester Lofty, 2015-02-10 To read John s work is to take on the role of a patient listener A book like a piece of music is scored for time and I feel Time to Write is scored adagio I believe that Time to Write can be read as a critique of the time chopping approach to education and an argument for presence for being fully open to experience for being there To do good work we must enter something like island time or what John calls existential time or what is sometimes called flow when we lose at least temporarily a sense of clock time from the Foreword by Thomas Newkirk Twenty five years ago John Sylvester Lofty studied the influence of cultural time values on students resistance to writing instruction in an isolated Maine fishing community For the new edition of Time to Write Lofty returned to the island to consider how social and educational developments in the intervening years may have affected both local culture and attitudes toward education Lofty discovered how the island time values that previously informed students literacy learning have been transformed by outside influences including technology social media and the influx of new residents from urban areas Building on the ethnographic findings of the original study the new edition analyzes the current conflict between the digital age time values of constant connections and instant communication and those of school based literacy Lofty examines the new literacies now essential for students in a technologically connected

world both those who aspire to continue the traditional island work of lobster fishing and for the many who now choose to pursue other careers and attend college on the mainland
