Ralph Waldo Emerson And Teaching Guide:

A Classroom Guide to Ralph Waldo Emerson Candace R. Craig, James D. Reid, 2015-03-02 This classroom guide to Ralph Waldo Emerson is the third in a growing series of Craig's Notes Classroom Guides for teachers of literature. The Emerson guide is a bit different from the others; however, to begin it is the first of three unique guides devoted to the American Transcendentalists. The Emerson guide is an outgrowth of a collaboration between Candace R. Craig and James D. Reid, Associate Professor of Philosophy at the Metropolitan State University of Denver. Reid's scholarly work includes publications on Kant in world class journals such as *The Kantian Review* and *The Review of Metaphysics*. He is also co-editor and essay contributor for *Thoreau's Importance for Philosophy* (Fordham). His second book, *Being Here Is Glorious: On Rilke Poetry and Philosophy*, which includes a philosophical interpretation and fresh translation of the *Duino Elegies*, is forthcoming with Northwestern University Press (July 2015). Reid has written substantial introductions to each of the three works presented in this guide: *Nature*, the *Divinity School Address*, and *Self-Reliance*. He has also contributed some of his own ideas for advanced level essay prompts and college level class discussion questions. The Emerson guide is thus a cohesive amalgamation of the expertise of a serious scholar and a veteran teacher of high school English. The first section of the guide contains pre-reading activities and two substantial introductions. The subsequent three sections take a chronological approach, beginning with *Nature*, followed by the *Divinity School Address*, and culminating in *Self-Reliance*. Each of these sections contains a helpful introduction, Reid followed by a combination of classroom activities, tests, quizzes, writing activities, etc., focusing on everything from vocabulary to basic comprehension to rhetorical and literary devices to essay assignments and more. The final section of the guide contains culminating activities that challenge students to practice their writing and critical thinking skills by synthesizing and drawing connections between each of the three Emerson texts and the spiritual or intellectual descendants of Emerson's legacy, i.e., Thoreau, Whitman, Frost, Stevens, Dillard, and recent sojourners seeking to experience deeper meaning and self-knowledge through their correspondence with nature. The final pages include lists of project ideas, research topics, and advanced essay prompts.

grades 9-12 *Less is More* Kimberly Campbell, 2007 *Less Is More* is full of powerful ideas for teaching with short provocative text. This book broadens and extends our available teaching tools and materials and can help engage all students. It is a valuable resource for language arts teachers. Cris Tovani: Language arts teachers want all of their students to love literature and embrace the novels they assign. The classroom reality is that many students are not ready or motivated to immerse themselves in an entire novel. In order to reach and engage all students, teachers need to look beyond novels alone and embrace a richer variety of literature. In *Less Is More*, Kimberly Hill Campbell draws on research as well as her own classroom experiences to show how short texts engage a wide range of middle and high school students. She shares her discovery of the power of short texts to support her students' skills as readers, writers, and students of literature. Kimberly shows how short texts can be integrated into the curriculum without sacrificing required novels. Chapters examine different genres of short text such as short stories, essays, memoir, and graphic novels. Each chapter provides reading, writing, and response strategies as well as a broad selection of short text resources that have proven effective with a wide range of students.
