For the continued safety of yourself and others, we recommend that you read the following safety and installation instructions. Keep this document in a safe location for future reference. Please read all warnings and follow all instructions.

Do not use this equipment in a location where it might become wet. Clean only with a damp cloth.

This equipment may be classified as an industry standard equipment rack. We recommend that all servicing be performed by a qualified technician. The equipment may be used as a table-top device although mounting of the equipment in the rack is not recommended.

Do not directly touch any of the ventilation openings. If malfunctioning, please provide adequate ventilation. Equipment may be located directly above or below the rack, but never put other equipment (like high power amplifiers) over it, as it will obstruct airflow and thus generate too much heat and degrade the performance of this equipment.

Protect the power cord and plug from damage caused by being walked on or pinched. Protect the low-voltage adapter from the heat from excessive strain. Using any attachments and accessories specified by Rane.

Unplug the equipment during lightning storms or when unused for long periods of time.

Before all servicing by qualified service personnel, servicing is required when the equipment has been damaged or over-heated, such as power supply cord or plug damage, melted or bent. Before return to use in normal use is required by user or technician, with proper repair or electrical inspection.
