Alexander STEFAN, 2002      *Secrets of Diamonds* Herman Neuman, 2016-07-19 Diamond insider HERMAN NEUMAN shares the secret of why Elizabeth Taylor received a million dollar diamond via a transfer on an international airliner flying over the Mediterranean It was a secret known to Elizabeth Taylor Richard Burton and Michael Jackson MR NEUMAN was crudely warned You have the right to remain silent Anything you say may be used against you Law enforcement authorities at Love Field Airport Dallas Texas told this Diamond Connoisseur after they discovered a gun in his bag But now in this unique book Mr Neuman no longer carries a loaded weapon It is however a cutting edge literary weapon called *Secrets of Diamonds* Now unlocked is the door to the secret world of real and bogus diamond certifications and classifications In *Secrets of Diamonds* is everything you wanted to know about diamonds but didn't know what to ask How to buy and sell and scrutinize diamonds Know for the first time the carefully guarded diamond industry pitfalls and deceptions      *The Heartless Stone* Tom Zoellner, 2007-04-01 In 2000 Tom Zoellner purchased a diamond engagement ring and proposed His girlfriend said yes and then suddenly walked out of his life making Tom the owner of a used engagement ring Instead of hitting the self help shelves of his local bookstore he hit the road travelling to diamond mines in Africa Canada India Brazil and Russia to discover the true worth of this shining gem He travelled to Japan to understand how diamonds were linked with engagements and delved into the history of our own American romance with the diamond ring He gained entry to DeBeers the London diamond merchants He visited shopping mall jewellers with starry eyed couples Through all of his travels he searched for an answer to the question How has one stone created empires ruined lives inspired lust and emptied wallets throughout history A diamond version of Susan Orleans's *The Orchid Thief* Tom Zoellner's *The Heartless Stone* is a journey to the cold heart of the world's most unyielding gem      *Clarity, Cut, and Culture* Susan Falls, 2014 Images of diamonds appear everywhere in American culture And everyone who has a diamond has a story to tell about it Our stories about diamonds not only reveal what we do with these tiny stones but also suggest how we create value meaning and identity through our interactions with material culture in general Things become meaningful through our interactions with them but how do people go about making meaning What can we learn from an ethnography about the production of identity creation of kinship and use of diamonds in understanding selves and social relationships By what means do people positioned within a globalized political economy and a compelling universe of advertising interact locally with these tiny polished rocks This book draws on 12 months of fieldwork with diamond consumers in New York City as well as an analysis of the iconic De Beers campaign that promised romance status and glamour to anyone who bought a diamond to show that this thematic pool is just one resource among many that diamond owners draw upon to engage with their own stones The volume highlights the important roles that memory context and circumstance also play in shaping how people interpret and then use objects in making personal worlds It shows that besides operating as subjects in an ad burdened universe consumers are highly

creative idiosyncratic and theatrical agents      Blood on the Stone Ian Smillie,2010-08-15 Africa's diamond wars took four million lives Blood on the Stone tells the story of how diamonds came to be so dangerous describing the great diamond cartel and a dangerous pipeline leading from war torn Africa to the glittering showrooms of Paris London and New York It describes the campaign that forced an industry and more than 50 governments to create a global control mechanism and it provides a sobering prognosis on its future      FREEDOM FOR GRANTED Paul R Tomko,2022-08-05 This book has been a struggle of love just as my life has been a struggle of ups and downs While the successes in my life have been important I would say my failures have been even more important in shaping me into the person who God wants me to be for His glory I see each day now as an opportunity to help others and reflect on how we can all use our failures to grow support each other and become better individuals I praise God for my successes and even more for my failures so I learned more about Him and myself      **Precious Objects** Alicia Oltuski,2011-07-19 In the middle of New York City lies a neighborhood where all secrets are valuable all assets are liquid and all deals are sealed with a blessing rather than a contract Welcome to the diamond district Ninety percent of all diamonds that enter America pass through these few blocks but the inner workings of this mysterious world are known only to the people who inhabit it In Precious Objects twenty six year old journalist Alicia Oltuski the daughter and granddaughter of diamond dealers seamlessly blends family narrative with literary reportage to reveal the fascinating secrets of the diamond industry and its madcap characters an Elvis impersonating dealer a duo of diamond detective brothers and her own eccentric father With insight and drama Oltuski limns her family's diamond paved move from communist Siberia to a displaced persons camp in post World War II Germany to New York's diamond district exploring the connections among Jews and the industry the gem and its lore and the exotic citizens of this secluded world Entertaining and illuminating Precious Objects offers an insider's look at the history business and society behind one of the world's most coveted natural resources providing an unforgettable backstage pass to an extraordinary and timeless show      *Family Business* G. Land,2006-11 New York City bodyguard Jimmy Fein is a smart talking tough guy with a penchant for physical violence and a slight inferiority complex when it comes to his Irish Jewish mafia family Lately though they've been an equal mix of help and hindrance as he protects a client from a homicidal business partner His Jewish father is constantly disappointed by Jimmy's reckless actions and refusal to profit from the family business His cousin Mary Alice a nun is running a gambling pool based on how many times Jimmy will be shot by year's end Even more insulting the family views his partner Elise as the reasonable one despite her preference for shotgun induced emasculation when it comes to abusive ex spouses Jimmy's latest job is to help Marcus Roth a diamond merchant involved in an Internet scam Marcus wants out but the mastermind behind the operation wants him dead Jimmy's job is further complicated by his family who decides to start its own competing Internet scam and cautions Jimmy against exposing the scam to the police or the public Before long Jimmy is reminded of the lethal dangers of mixing his business with family business      Transfer Pricing and Corporate Taxation

Elizabeth King, 2008-10-11 National tax authorities individually determine multinational firms' country specific tax liabilities by applying one or more sanctioned transfer pricing methodologies. These methodologies are founded on basic assumptions about market structure and firm behavior that are rarely empirically valid. Moreover, for the most part, the transfer pricing methodologies now in vogue were developed before the Internet became a dominant factor in the world economy and hedge and private equity funds transformed financial and commodities markets. For these reasons, multinational firms are unable to accurately anticipate their tax liabilities in individual countries and remain at risk of double taxation. Uncertainties in corporate tax liability are extremely costly both for individual corporations and from an economy-wide perspective. Firms pay exorbitant fees to have tax attorneys, accountants, and economists prepare the documentation required by tax authorities to substantiate their intercompany pricing practices and defend their tax positions on audit. Corporate tax liabilities are also potentially much higher than they would be under a more transparent and predictable transfer pricing regime due to the potential for double taxation and penalties, and investors' returns are reduced accordingly. The FASB's Interpretation No. 48, Accounting for Uncertainty in Income Taxes, released on July 13, 2006, has motivated multinational firms to increase their reserves substantially in many cases at the insistence of their auditors, reducing the total funds available for productive investment.

1. The current transfer pricing regimes are embodied in the OECD Guidelines; individual OECD member countries interpret them differently. The U.S. Pimpin Ain't Easy Keith Curtis, 2006-04. **South African law reports**, 2001. *Diamonds and Scoundrels* Adrienne Rubin, 2025-07-30. When Adrienne Rubin enters into the jewelry business in 1970s Los Angeles, she is a maverick in a world dominated by men. She soon meets a young hotshot salesman who doesn't seem to struggle at all, and when he asks her to be his partner, she is excited to join him. She doesn't know him well, but she does know his father, and she believes he is as trustworthy as the day is long. *Diamonds and Scoundrels* shows us how a woman in a man's world, with tenacity and sheer determination, can earn respect and obtain a true sense of accomplishment. Following Rubin's experiences in the jewelry industry through the 70s, 80s, and 90s, with the ups and downs, good guys and bad, this is a tale of personal growth of how to overcome challenges with courage and resilience.
