Rapture Number In Series:

The Scroll , Apocalypse TV Michael G. Cornelius, Sherry Ginn, 2020-03-27 The end of the world may be upon us but it certainly is taking its sweet time playing out The walkers on The Walking Dead have been walking for nearly a decade There are now dozens of apocalyptic television shows and we use the end times to describe everything from domestic politics and international conflict to the weather and our views of the future This collection of new essays asks what it means to live in a world inundated with representations of the apocalypse Focusing on such series as The Walking Dead The Strain Battlestar Galactica Doomsday Preppers Westworld The Handmaid s Tale they explore how the serialization of the end of the world allows for a closer examination of the disintegration of humanity while it happens Do these shows prepare us for what is to come Do they spur us to action Might they even be causing the apocalypse **The Bush League of Nations** James A. Swanson, 2008 With hard analysis and good humor the author exposes the Coalition of the Willing as a rightwing myth to deceive Americans while the neo GOP wages war on Iraq and America Includes 3 plans 1 Withdraw from Iraq and Win in Afghanistan 2 An International Plan and 3 Support Our Troops Includes analysis of the so called coalition and the 50 nations shamelessly claimed to be members Topics include the just war principles corporate mercenaries in Iraq the warmongering role of neocons and Big Media GOP corruption in America and Iraq treason and crimes against humanity and GOP tools used to gut the U S Constitution and bankrupt America Includes Articles of Impeachment and extensive index The author served in the Peace Corps in the Muslim nation of Morocco Raised a Lutheran in North Dakota and now a Methodist he s appalled at the Christian Reich s neo Jesus Pro War and Pro Rich He holds JD MBA degrees from Stanford and SB from MIT See www.bushleagueofnations.com **Once Upon a Time in a Dark and Scary Book** K. Shryock Hood, 2018-05-25 Contemporary American horror literature for children and young adults has two bold messages for readers adults are untrustworthy unreliable and often dangerous and the monster always wins as it must if there is to be a sequel Examining the young adult horror series and the religious horror series for children Left Behind The Kids for the first time and tracing the unstoppable monster to Seuss s Cat in the Hat this book sheds new light on the problematic message produced by the combination of marketing and books for contemporary American young readers *Faith and Fiction* Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown s The Da Vinci Code The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature s place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown s The Da Vinci Code has led to a cottage industry of

interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But The Da Vinci Code is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes with an entire series devoted to the impending Rapture as described in the Left Behind series Some fiction does not take an explicitly religious theme as these books do Instead writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters Regardless of the specific approach what is not in doubt is that American readers have made the authors of these works wealthy as bookstores cannot stock their shelves with enough copies Why the recent surge of interest in Christian fiction How does it reflect trends in our culture and our lives How has it changed our society and our understanding of spirituality and religion How accurate are these books in terms of the theology they espouse The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Faith and Fiction examines Christian literature s place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available

The Oxford Handbook of the Bible and American Popular Culture Dan W. Clanton (Jr.), Terry R. Clark, 2020 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades and the time seems ripe for a broadly conceived work that assesses the current state of the field offers examples of work in that field and suggests future directions for further study This Handbook includes a wide range of topics organized under several broad themes including biblical characters such as Adam Eve David and Jesus and themes like Creation Hell and Apocalyptic in popular culture the Bible in popular cultural genres for example film comics and Jazz and lived examples such as museums and theme parks The Handbook concludes with a section taking stock of methodologies and the impact of the field on teaching and publishing The Oxford Handbook of the Bible and American Popular Culture represents a major contribution to the field by some of its leading practitioners and will be a key resource for the future development of the study of both the Bible and its role in American popular culture

Spiritual Tsunami Fred Thompson, 2012-03 Current events in the news more and more read and sound like the fulfillment of end times bible prophecies Correlation between the bible and current events is clearer now than five years ago We cannot afford to keep sticking our heads in the sand about this convergence We are not there yet but things are plainly making strong headway toward the reality of prophesied end times happenings The key word is Watch We must remain knowledgeably vigilant Scripture must be studied for clues and signposts of last day events and then comparison must be made with reported events

to discern how they relate to one another **1-2 Thessalonians (Redesign)** James H. Grant Jr.,2015-11-17 The apostle Paul wrote to the church in Thessalonica to encourage Christians to live in light of the gospel In 1 and 2 Thessalonians he addressed a number of topics including the persecution they were enduring the second coming of Christ and how they were to live in difficult times While the letters were written nearly two thousand years ago pastor James H Grant Jr insists that Paul s audience includes us as well as the Thessalonians Grant applies Paul s message to contemporary churches over the course of twenty five chapters by leading readers systematically through the epistles unpacking the gospel and its implications in light of Christ s second coming Part of the Preaching the Word commentary series **Why the End of the World is Not in Your Future** Gary DeMar,2008 **Postmodern Science Fiction and Temporal Imagination** Elana Gomel,2010-08-26 Are we living in a post temporal age Has history come to an end This book argues against the widespread perception of postmodern narrativity as atemporal and ahistorical claiming that postmodernity is characterized by an explosion of heterogeneous narrative timeshapes or chronotopes Chronological linearity is being challenged by quantum physics that implies temporal simultaneity by evolutionary theory that charts multiple time lines and by religious and political millenarianism that espouses an apocalyptic finitude of both time and space While science religion and politics have generated new narrative forms of apprehending temporality literary incarnations can be found in the worlds of science fiction By engaging classic science fictional conventions such as time travel alternative history and the end of the world and by situating these conventions in their cultural context this book offers a new and fresh perspective on the narratology and cultural significance of time The Publisher and Bookseller ,1929 Official organ of the book trade of the United Kingdom

library staff scholars and romance writers themselves This title updates the last edition of *Romance Fiction A Guide to the Genre* published in 1999 While the emphasis is on newer titles many of the important older classics are retained keeping the focus of the book on the entire genre instead of only those titles published during the last decade Specific changes include new chapters on linked and continuing romances a new section on Chick Lit in the Contemporary Romance chapter an expansion of coverage on the alternative reality subset This is THE romance genre guide to have *Faith and Revivalism in a Nordic Romani Community* David Thurfjell, 2013-03-19 A Pentecostal revival is sweeping the Romani communities of Europe The dominant religious orientation of European Roma Pentecostalism has become one of the major factors behind Romani social development in the wake of the discrimination marginalisation and growing anti ziganist sentiments of the latest decades Through this form of charismatic Protestant Christianity Roma have overcome social problems and internal conflicts as well as battle against the hostility and exclusion of the macro gajo non Roma society Based on interviews and field work this original ethnographic study offers a unique presentation and analysis of the Pentecostal revival in one of Europe's many Romani communities the Kaale Roma of Finland and Sweden Through individual life stories historical exposes sociological interpretation and ritual and discourse analysis Thurfjell provides a vivid accurate portrait of the multifaceted and complex situation of contemporary Roma Despite the efforts of the Nordic welfare state over the past decades to counteract poverty and to integrate their Romani communities into society these groups are persistently problematic Inspired by postcolonial theory Thurfjell's study addresses the failure of the integration politics of the Roma he highlights the discursive pressure the hegemonial society places on outsiders as it reaches out to help them Romani individuals it is argued are caught in a deadlock between the pressure to assimilate themselves into the majority society and that of their community to remain Romani This study of the Pentecostal movement is of interest to anyone who seeks to understand the religious historical social and discursive processes that underlie the complex and difficult situation of European Roma today

Armageddon for Beginners David McKay, 1999 *Ideal Minds* Michael Trask, 2020-11-15 Following the 1960s that decade's focus on consciousness raising transformed into an array of intellectual projects far afield of movement politics The mind's powers came to preoccupy a range of thinkers and writers ethicists pursuing contractual theories of justice radical ecologists interested in the paleolithic brain seventies cultists and the devout of both evangelical and New Age persuasions In *Ideal Minds* Michael Trask presents a boldly revisionist argument about the revival of subjectivity in postmodern American culture connecting familiar figures within the seventies intellectual landscape who share a commitment to what he calls neo idealism as a weapon in the struggle against discredited materialist and behaviorist worldviews In a heterodox intellectual and literary history of the 1970s *Ideal Minds* mixes ideas from cognitive science philosophy of mind moral philosophy deep ecology political theory science fiction neoclassical economics and the sociology of religion Trask also delves into the decade's more esoteric branches of learning including Scientology anarchist theory rapture prophecies psychic channeling and neo

Malthusianism Through this investigation Trask argues that a dramatic inflation in the value of consciousness and autonomy beginning in the 1970s accompanied a growing argument about the state's inability to safeguard such values. Ultimately the thinkers Trask analyzes—John Rawls, Arne Naess, L. Ron Hubbard, Hal Lindsey, Philip Dick, Ursula Le Guin, Edward Abbey, William Burroughs, John Irving, and James Merrill—found alternatives to statism in conditions that would lend intellectual support to the consolidation of these concepts in the radical free market ideologies of the 1980s.

Beckett, Lacan and the Mathematical Writing of the Real Arka Chattopadhyay, 2019-01-01

Beckett Lacan and the Mathematical Writing of the Real proposes writing as a mathematical and logical operation to build a bridge between Lacanian psychoanalysis and Samuel Beckett's prose works. Arka Chattopadhyay studies aspects such as the fundamental operational logic of a text, use of mathematical forms like geometry and arithmetic, the human obsession with counting, the moving body as an act of writing, and love and sexuality as a challenge to the limits of what can be written through logic and mathematics. Chattopadhyay reads Beckett's prose works including *How It Is*, *Company*, *Worstward Ho*, *Malone Dies*, and *Enough* to highlight this terminal writing which halts endless meanings with the material body of the word and gives Beckett a medium to inscribe what cannot be written otherwise.
