Creating Jazz Counterpoint Vic Hobson,2014-03-19 The book Jazzmen 1939 claimed New Orleans as the birthplace of jazz and introduced the legend of Buddy Bolden as the First Man of Jazz Much of the information that the book relied on came from a highly controversial source Bunk Johnson He claimed to have played with Bolden and that together they had pioneered jazz Johnson made many recordings talking about and playing the music of the Bolden era These recordings have been treated with skepticism because of doubts about Johnson s credibility Using oral histories the Jazzmen interview notes and unpublished archive material this book confirms that Bunk Johnson did play with Bolden This confirmation in turn has profound implications for Johnson s recorded legacy in describing the music of the early years of New Orleans jazz New Orleans jazz was different from ragtime in a number of ways It was a music that was collectively improvised and it carried a new tonality the tonality of the blues How early jazz musicians improvised together and how the blues became a part of jazz has until now been a mystery Part of the reason New Orleans jazz developed as it did is that all the prominent jazz pioneers including Buddy Bolden Bunk Johnson Louis Armstrong Sidney Bechet Johnny Dodds and Kid Ory sang in barbershop or barroom quartets This book describes in both historical and musical terms how the practices of quartet singing were converted to the instruments of a jazz band and how this in turn produced collectively improvised blues inflected jazz that unique sound of New Orleans

On The Prejudices, Predilections, and Firm Beliefs of William Faulkner Cleanth Brooks,1987-11 It seems appropriate if not inevitable that one of our best critics should be the foremost authority on one of our best novelists Cleanth Brooks the author of three seminal studies of William Faulkner has been a serious student of that master craftsman s fiction for more than four decades In this new collection Brooks considers many of the important characteristics of Faulkner s work He focuses more specifically than he has in the past on certain questions and in some instances offers rebuttals to what he considered unfair assessments of Faulkner In the first essay Brooks challenges the notion that Donald Davidson John Crowe Ransom Robert Penn Warren and other members of the Fugitive Agrarian movement at Vanderbilt University were slow to recognize Faulkner s achievements Indeed Brooks provides clear evidence not only that the Fugitives were early supporters of Faulkner but that Faulkner and the Fugitives shared many concerns and ideas about their region Brooks also writes about Faulkner s personal beliefs and demonstrates how the virtues Faulkner held in highest esteem such as courage and honor are embodied in his fiction In two essays Faulkner and the Community and Faulkner s Two Cities Brooks analyzes the importance of a closely knit world specifically the hill region of north Mississippi

and the cities of Memphis and New Orleans to Faulkner's works Brooks considers Faulkner's serious regard for the chivalric tradition as well as his amusement in Gavin Stevens' exemplification of it in *Intruder in the Dust* and *Requiem for a Nun* Faulkner's treatment of women characters especially in *Light in August* and *The Hamlet* is discussed as are his ideas about the American Dream These essays are vintage Brooks The prose is as always felicitous the manner modest and winning the thought pertinent and rigorous Despite the thematic diversity of the essays the emphasis is ultimately the same reading and rereading the novels of William Faulkner is a continuing pleasure and an enduring challenge *A Treatise of the Pleas of the Crown ... As the American Theological Library Association ATLA celebrates the important milestone of its 60th anniversary this year the editors have brought together in a single volume anthology some of the best contributions to this field Essays and papers from the past sixty years are grouped into six topical chapters theological librarianship's characteristics dimensions educational role settings development within ATLA's sixty years and most noteworthy changes each of which is introduced by a present day theological librarian This collection is likely to be valuable in many ways as a compendium of wisdom and best practices over several generations as a means of securing a grasp of how ATLA's importance and influence as an association has grown over time and even for the way it brings back to light the life and work of so many fine librarians Raymond Morris Yale Divinity Library and Julia Pettee Union Theological Seminary among them Even more important *A Broadening Conversation* affirms vividly that instead of the ethos of tradition and continuity that one might suppose a mix of trusted routines with perpetual change is what has always been on the menu for theological librarians in their daily work This is at the heart of what continues to make theological librarianship such a challenging and rewarding vocation *Fine Printing and Private Presses* Roderick Cave, 2001 Writing to the Monotype Recorder in 1933 Eric Gill stated that a private press prints solely what it chooses to print whereas a public press prints what its customers demand of it Although the most famous private presses came out of the arts and crafts movement in the 100 years since the formation of Morris's Kelmscott Press fine printing has emerged as a distinct subject In this series of essays Roderick Cave draws on over 40 years experience of study to examine the history and output of some of the famous presses such as the Doves Press and the Golden Cockerel Press as well as some of the lesser known names such as the Pear Tree Press and the Pontine Press The geographical range of fine printing extends around the world from the UK and US to Italy Austria and Jamaica
