Rapid Assessment Process An Introduction James Beebe:

Rapid Assessment Process James Beebe, 2001 Rapid Assessment Process is the first introduction to the RAP group of ethnographic methods and techniques that provide field based research findings for policymakers and program planners Prepared by an international development professional it provides clear guidelines on producing high quality research in a fraction of the time taken by traditional ethnography Visit our website for sample chapters **Rapid Assessment Process** James Beebe, 2001-07-20 A newer edition of this book is available at the following address <https://rowman.com> ISBN 9780759123212 RapidAssessment Process RAP has gone under many names but invariably uses the techniques of fieldwork and ethnography in a telescoped manner to provide solid field based research findings for use by policymakers and program planners It uses an emic perspective a team of researchers triangulation of research findings and iterative process to produce high quality research in a fraction of the time taken by traditional ethnography Long used for third world projects RAP is now being used to inform policy in many different settings This volume is the first introduction to this group of methods explaining to researchers and to students how to do RAP research well The author an international development professional who has been doing RAP studies for over two decades clearly outlines the process promise and pitfalls of RAP in this brief volume Included are many examples of successful RAP studies and clear guidance to readers on how to embark on their own RAP research **School Bond Success** Carleton R. Holt, 2009-03-16 Many school buildings across America are falling apart due to age or lack of maintenance Others are outmoded and do not meet the needs of modern educational programs and curricula Unfortunately school administrators and boards of education have found it increasingly difficult to obtain the funding necessary to correct facility problems in their districts However help is at hand in the third edition of a popular title originally published in 1999 Holt updates the status of school facilities in the U S and provides new information on the relationship between school climate and student achievement New to this edition is a discussion of the importance of technology in school bond issues and construction The nuts and bolts of securing the funding for facility construction a component of the building process usually overlooked in training administrators are clearly outlined in chapters that begin with a look at the problem of aging schools and follow through the planning and project development phases to the bond campaign and election day Filled with tips checklists and insights on the details from experienced school leaders this is the perfect guide to consult every step on the way to victory **Rapid Qualitative Inquiry** James Beebe, 2014-10-23 Practitioners in need of timely results for program and policy planning and students looking for realistic research projects will find solutions in Rapid Qualitative Inquiry RQI a team based applied research method designed to quickly develop an insider's perspective on and preliminary understanding of complicated on the ground situations In this accessible field guide to RQI James Beebe provides an introduction to research that substitutes teamwork for long term fieldwork uses iterative data collection data analysis and additional data collection triangulates data from multiple sources and applies techniques

and concepts from ethnography and case study research Extensive examples make clear that rapid does not mean rushed and that rigorous RQI depends upon flexibility rather than an arbitrary list of techniques Throughout Beebe s clear prose guides interdisciplinary readers through the process promise and potential pitfalls of RQI **Rapid Qualitative Inquiry**

James Beebe,2014-10-23 Practitioners in need of timely results for program and policy planning and students looking for realistic research projects will find solutions in Rapid Qualitative Inquiry RQI a team based applied research method designed to quickly develop an insider s perspective on and preliminary understanding of complicated on the ground situations In this accessible field guide to RQI James Beebe provides an introduction to research that substitutes teamwork for long term fieldwork uses iterative data collection data analysis and additional data collection triangulates data from multiple sources and applies techniques and concepts from ethnography and case study research Extensive examples make clear that rapid does not mean rushed and that rigorous RQI depends upon flexibility rather than an arbitrary list of techniques Throughout Beebe s clear prose guides interdisciplinary readers through the process promise and potential pitfalls of RQI Revolutions in Development Inquiry Robert Chambers,2012-05-04 Robert Chambers returns with a new book that reviews together for the first time some of the revolutionary changes in the methodologies and methods of development inquiry that have occurred in the past forty years and reflects on their transformative potential for the future

This book breaks new ground by describing and analysing the evolution of a sequence of approaches Starting with the dinosaurs of large scale multi subject questionnaire surveys and the biased visits and perceptions of rural development tourism and urban based professionals there follows a look at the explosive proliferation of methodologies and methods of recent years These include rapid rural appraisal RRA participatory rural appraisal PRA and dramatic developments in the still largely unrecognized fields of participatory numbers and statistics and of participatory mapping and GIS Chambers shows how these can empower local people and provide rigorous and valid substitutes for some more traditional methods of inquiry Also presented is a repertoire for offsetting the biases of the urban trap which has become so serious for officials and aid agency staff Importantly Chambers points out that we are now in a different space methodologically from a few years ago He makes the case that participatory methodologies evolved through creative and eclectic pluralism can be a transformative wave for the future as drivers of personal professional and institutional change This book is for all who are concerned with development regardless of profession discipline or organization who seek to be abreast of the revolutionary breakthroughs in approaches and methods of inquiry of recent years and what Chambers calls their unlimited potentials Published with IDS

Deeds,Scott Whiteford,2013-11-28 We must secure our borders has become an increasingly common refrain in the United States since 2001 Most of the securing has focused on the US Mexico border In the process immigrants have become stigmatized if not criminalized This has had significant implications for social scientists who study the lives and needs of immigrants as well as the effectiveness of programs and policies designed to help them In this groundbreaking book researchers describe their experiences in conducting field research along the southern US border and draw larger conclusions about the challenges of contemporary border research Each chapter raises methodological and ethical questions relevant to conducting research in transnational contexts which can frequently be unpredictable or even volatile The volume addresses the central question of how can scholars work with vulnerable migrant populations along the perilous US Mexico border and maintain ethical and methodological standards while also providing useful knowledge to stakeholders Not only may immigrants be afraid to provide information that could be incriminating but researchers may also be reluctant to allow their findings to become the basis of harsher law enforcement unjustly penalize the subjects of their research and inhibit the formulation of humane and effective immigration policy based on scholarly research All of these concerns which are perfectly legitimate from the social scientists point of view can put researchers into conflict with legal authorities Contributors acknowledge their quandaries and explain how they have dealt with them They use specific topics reproductive health issues and sexually transmitted diseases among immigrant women a study of undocumented business owners and the administration of the Mexican Household Survey in Phoenix among others to outline research methodology that will be useful for generations of border researchers Food Culture Janet Chrzan,John Brett,2017-02-01 This volume offers a comprehensive guide to methods used in the sociocultural linguistic and historical research of food use This volume is unique in offering food related research methods from multiple academic disciplines and includes methods that bridge disciplines to provide a thorough review of best practices In each chapter a case study from the author s own work is to illustrate why the

methods were adopted in that particular case along with abundant additional resources to further develop and explore the methods

Food Health Janet Chrzan, John Brett, 2017-02-01 Nutritional Anthropology and public health research and programming have employed similar methodologies for decades many anthropologists are public health practitioners while many public health practitioners have been trained as medical or biological anthropologists Recognizing such professional connections this volume provides in depth analysis and comprehensive review of methods necessary to design plan implement and analyze public health programming using anthropological best practices To illustrate the rationale for use of particular methods each chapter elaborates a case study from the author's own work showing why particular methods were adopted in each case

Research Methods for Anthropological Studies of Food and Nutrition Janet Chrzan, John Brett, 2017-02-01 The dramatic increase in all things food in popular and academic fields during the last two decades has generated a diverse and dynamic set of approaches for understanding the complex relationships and interactions that determine how people eat and how diet affects culture These volumes offer a comprehensive reference for students and established scholars interested in food and nutrition research in Nutritional and Biological Anthropology Archaeology Socio Cultural and Linguistic Anthropology Food Studies and Applied Public Health

Food Research Janet Chrzan, John Brett, 2017-01-01 Biocultural and archaeological research on food past and present often relies on very specific precise methods for data collection and analysis These are presented here in a broad based review Individual chapters provide opportunities to think through the adoption of methods by reviewing the history of their use along with a discussion of research conducted using those methods A case study from the author's own work is included in each chapter to illustrate why the methods were adopted in that particular case along with abundant additional resources to further develop and explore those methods

The Potential for Anthropology and Urban Community Engagement Jill Florence Lackey, Rick Petrie, 2024-07-01 The relationship between anthropology departments and their surrounding urban communities has been traditional limited by a number of factors The Potential for Anthropology and Urban Community Engagement pushes past these limitations developing a firm foundation from which applied anthropology can support grassroots research and lasting community programs Using two partnering Milwaukee organizations as examples this volume explores the need in urban neighborhoods for practicing anthropologists how a high volume of asset building programs can be developed by practicing anthropologists and the potential efficacy of anthropology departments in partnering with urban neighborhoods
