

Autobiography Rough Draft

My name is Samantha Rose Peluchette and I was born 12 weeks premature on January 3, 1992 in Allegheny General Hospital at 9:36 pm. When I was born I weighed 2 lbs. 13 oz. and I could fit in my dad's hand. My mother, Hope Edwards, was 15 years old and my dad, Daniel Peluchette, was 19 years old. I was in the hospital in an incubator until April because I was born so early.

My mother grew up in Wexford, Pa and went to Pine Richland High School. My dad grew up in Saxonburg, Pa and went to Deer Lakes High School. My grandma, great-grandparents, aunts, and uncles on my mother's side of the family still live in or around Wexford. My mom's father lives in New Castle, Pa. My dad's parents both passed away before I met them, but they lived in Saxonburg, Pa. My dad's brother lives in Tarentum and my dad's aunts and uncles and my great-grandma live in Grove City, Pa. On my mother's side, my great-grandma was Slovakian and my great-grandpa was Polish, German, and Native American. On my dad's side of the family, everyone is Italian. On my mom's side of the family, everyone has been living in western Pennsylvania for as long as any of us can remember, but my grandma says that my great-great-great-grandparents came to America from Poland and Germany. On my dad's side of the family I don't know very many of my family members, so I'm not sure how they came to live in Grove City, Pa.

After I was born, my mom and dad separated and I went to live with my great-grandma until I was seven years old. While I lived with my great-grandma, I went to North Allegheny School District, went to a Baptist church every Sunday, and played with my friends. When I was seven, I moved in with my mom and my now step-dad, Jim. This

The Digital Departed Timothy Recuber, 2023-09-12 A fascinating exploration of the social meaning of digital death From blogs written by terminally ill authors to online notes left by those considering suicide technology has become a

medium for the dead and the dying to cope with the anxiety of death Services like artificial intelligence chatbots mind uploading and postmortem blog posts offer individuals the ability to cultivate their legacies in a bid for digital immortality The Digital Departed explores the posthumous internet world from the perspective of both the living and the dead Timothy Recuber traces how communication beyond death evolved over time Historically the methods of mourning have been characterized by unequal access to power and privilege However the internet offers more agency to the dead allowing users accessibility and creativity in curating how they want to be remembered Based on hundreds of blog posts suicide notes Twitter hashtags and videos Recuber examines the ways we die online and the digital texts we leave behind Combining these data with interviews surveys analysis of news coverage and a historical overview of the relationship between death and communication technology going back to pre history The Digital Departed explains what it means to live and die on the internet today In this thought provoking and uniquely troubling work Recuber shows that although we might pass away our digital souls live on online in a kind of purgatory of their own
