

Life issues

Our life is full of constraints and obstacles .Some people face them with a big smile and stay resistant while others find themselves unable to resist and they are carried away by the waves of failure. In fact we should live life as it is. We should be filled with strength and patience. We should help those in need and stand by their sides. We shouldn't neglect them and keep them in alone. We should support them and give them hand.

We should be tolerant and accept others' ideas, believes and thoughts. We should accept difference and not to be fanatics.

Voluntary work/ activities

They are noble activities that contribute to a solid and healthy society. It can be either individual or group activities. I think that we should teach our children at an early age how to help the poor, the patients, the disabled, and all those who are in need.

There are many types of voluntary work such as blood donation, planting trees, gathering litter, helping needy people or feeding homeless, raising money for animal protection, helping the elderly or handicapped persons to cross the street and so on....

There are many organizations that have the task/ job/activity of helping people and animals or protecting the environment. We can mention UNISCO, UNICEF, the GREEN PEACE.....

People should be more aware and should each other. With a simply action, you can make others happy and make a better world reigned by the brotherhood of mankind.

The media can play a big role in making people more aware about the importance of helping others. As the proverb says "A friend in need, is a friend indeed"

some arguments about life and how we should face difficulties (life issues)

One of the most popular essay topic among students is "Essay about Life" where every student tries to describe his/her life, problems, priorities and outlooks. To write a good essay about life one should be able to reflect a little, to release his/her mind from other thoughts and to start writing an essay on life.

Here's a sample essay about life written by one of our professional essay writers:

"Life is beautiful and yet life is not a bed of roses. Though it is full of ups and downs it has many facets of blessings and successes.

To some people, life is hard, cruel and merciless. These set of people see life as punishment throughout their entire lives. They therefore resigned themselves to fate, believing all is finished. To them, nothing that they do can ever be good. They take delight in committing crimes and maiming others to avenge their ill-fortune. They lost every sense of direction and most times, some of them go as far as committing suicide, just to escape the injustice life has meted out to them.

But there are those who see life as a challenge, a channel of discovery and innovation, a prospect for success and a gateway to wealth. To them life is sweet, colourful and kind. No matter the situation these people find themselves, they keep pressing on, believing in a cause, a cause to succeed and get the most out of life. No wonder an adage says, "Where there is life, there is hope."

The will to succeed or fail lies within an individual jurisdiction. You can live life to the fullest with utmost satisfaction and fulfilment if you determine with all your mind, body and soul to

essays into a book and made it available to all my students so that they too could learn from each other's mistakes. The feedback that I got from teachers and parents was astounding. What you are going to see here is a success-guaranteed approach to improving English writing skills and that is to learn from the mistakes of others. I will refrain from delving into methodology or even the structural aspects of English essay writing because I know that is where you are coming from and what you want now is a hand-holding show-me approach. I believe each and every student to be unique in the sense that they start at different levels of proficiency and the reason why many students of language classes throw their hands up in the air in frustration is because they fall short of unrealistic expectations their teachers have set for them. Let me show you how you can do better. I will guide you through each and every paragraph, every sentence, and every word in the book and offer suggestions along the way to help improve your English writing skills.
