A Winter's Night and Other Stories Premchand, 2007-04-17 Ten classic stories from the master of Hindi literature Nearly a century after they were written Premchand s numerous short stories novels and plays written both in Hindi and Urdu continue to be a mirror to Indian society and its traditions A Winter s Night and Other Stories brings together for young readers some of his most powerful short stories This is a world inhabited by people like Halku forced to spend the bitterly cold winter night in the open without a blanket Kaki the old invalid aunt ill treated by her own relatives and Shankar reduced to being a bonded labour for the sake of a handful of wheat Premchand describes their plights with unflinching honesty Yet all is not hopeless in this world There is also little Hamid who buys tongs for his old grandmother rather than toys for himself Ladli who saves her share of puris for her blind aunt and Big Brother trying in vain to remember the strange names of English kings and queens Greed dishonesty cruelty abound in this world as do kindness bravery and humour These ten stories are an ideal introduction to Premchand and his concerns and ideas that remain relevant to this day

The Higher

Learning in America: The Annotated Edition Thorstein Veblen, 2015-06 Veblen's insights into the American university system at the outset of the twentieth century are as provocative today as they were when first published. Insisting that institutions of higher learning should be dedicated solely to the disinterested pursuit of knowledge, he urged American universities to abandon commitments to extraneous pursuits such as athletics, community service, and vocational education. He also believed that the corporate model of governance with university boards of trustees dominated by well-to-do businessmen and university presidents who functioned essentially as businessmen in academic dress mandated unsavory techniques of salesmanship and self-promotion that threatened to reduce institutions of higher learning to the status of competitive business enterprises.
