spite of this new knowledge having been presented at seminars or published in the technical press a general acknowledgement of it by the majority of technicians and scientists is still far from being realized It is our hope that this book will significantly contribute to a broader acceptance of recent scientific and technological innovations An important prerequisite for such a project is the availability of a recently retired experienced person willing to devote his time and talents to the tedious part of the exercise      **The City Record** Cleveland (Ohio),1926      *Foreign Commerce Weekly* ,1964
