**Werewolves of Brooklyn** Brad Vance, 2016-06-05 Darien Mackey wasn't looking for an adventure For ten years he'd been happy living in Brooklyn working as a butcher in the same job living in the same apartment dating some nothing special guys Until one night his buddy Jacob talked him into taking ayahuasca the soul changing drug And Darien had a vision of a wolf its all too human eyes on him its paws on his chest its enquiring mind in his own Darien Mackey is changing He's more confident more assertive hungrier hornier And his world is changing around him his job his home his beloved Mechanic's Library all falling victim to the predations of unscrupulous developers bent on demolishing the old Brooklyn he loves and replacing it with a forest of condos But he's no longer a passive observer of his own life and as this thing this power grows inside of him he resolves to fight back to preserve the way of life he loves And he's not alone in the fight The Lipsius Preservation Society of Brooklyn stands ready to assist in the battle even though it seems like a bit of a joke to Darien with its King and its Duke Marquess Earl and Viscount But there's nothing funny about his

growing attraction to Albeus Finley King of this mysterious Court And when slumlords and condo mongers start to die mysterious violent deaths at the hands of savage animals Darien begins to realize that something is afoot in Brooklyn something supernatural And it s afoot in him too      The Worst Best Luck Brad Vance,2016-06-05 Peter Rabe s luck is about to change Taking a co worker s car into the shop nets him a desperately needed 100 tip and the attentions of Matt Kensington master mechanic Peter can t believe that someone as hot as Matt could be interested in the young man his tormentors used to call Peter Rabbit But incredibly enough he is And when the Quadrillions lottery jackpot is up to 700 000 000 wouldn t it be crazy of Peter not to buy a ticket on his lucky day Matt doesn t think much of money having grown up on New York s Upper East Side in the lap of luxury He d walked away from the professional drudgery his Harvard degree had qualified him for to become a mechanic to touch things that were real to fix things that were broken And a hot shy guy like Peter is another machine Matt wants to believe he can fix But when Peter finds out he s won the lottery it almost feels like his luck has run out Especially when Cody Burrell his emotionally abusive ex boyfriend mysteriously re enters his life just before he cashes the ticket and reveals his good fortune to the world Peter must wrestle with the pressures of wealth on someone who s grown up poor the pressure of fame that comes with so much instant fortune and most of all with his own demons the demons that Cody knows all too well how to manipulate      Would I Lie to You Brad Vance,2016-06-03 Software billionaire Marc Julian s orderly life is shattered one night by a cyber intrusion into his company s servers He s always surrounded himself with the best people but finding the culprit behind this might require a real expert and sometimes it takes a thief to catch a thief Jesse Winchester and his team of grey hat hackers are suddenly available to Marc Marc doesn t know if he should trust Jesse with the keys to his company s kingdom After all Jesse s a convicted felon sent to prison for violating the Computer Fraud and Abuse Act A felon sentenced to thirty five years in prison who mysteriously served only three years before being released Marc s first company his whole life was shattered because he trusted the wrong person This time there s even more at stake but few other options Especially when his evil enemies the billionaire industrialist Krom brothers are revealed to be the source of the intrusion Is Jesse there to help Marc or does he have his own history with the Kroms his own score to settle As Jesse and Marc spend more time together their growing intimacy is at war with their need to win their respective battles Soon the game they start to play with each other against each other becomes more exciting more exquisitely frustrating and more dangerous      **Strength In Numbers** Brad Vance,2016-06-03 They re back In their first adventure Marc Julian software billionaire and Jesse Winchester hacker extraordinaire survived the evil plans of the Krom brothers and Jesse s first lover Chip But Jesse has old debts to pay to Russian gangster Leonid Ivanov Now Leonid is calling in those debts demanding that Jesse find a great treasure for him and a new game is set in motion The mysterious Satoshi creator of the cybercurrency Bitcoin has been hiding 375 million worth of the currency for years But now he has chosen to start a quest for the keys to the Hoard and he who controls the keys controls the fortune And this will be a quest that will test

the strength the will and the character of those who pursue it But Marc and Jesse aren't the only ones on the hunt as old enemies resurface to try and beat them to the treasure And even if they reach it first they must ask themselves do they really want to give a Russian gangster 375 million to pursue his deadly enterprises And what would be the consequences if they don't The pursuit will take them from Andorra to Barcelona through the museums of Tokyo the streets of Buenos Aires and the coast of Mexico in a desperate and dangerous race to keep the fortune in digital gold from the hands of all their enemies

They know that something has to change to keep the United States from continuing its downward slide. **Love Wars** Mary Irwin, 2025-02-06 This is the first dedicated overview of the international television romantic comedy genre. Mary Irwin builds on the critical work on cinematic romantic comedy to offer a dedicated critical analysis of the romantic comedy on the small screen. Drawing on series from the 1960s to the present day, Irwin presents five themed chapters around the theme of romantic love: from searching for it and finding it to the love wars of the book's title to finding love later in life and in places you didn't expect. Chapters explore the genre's key recurrent themes: evolving attitudes to love, relationships, sex, class, and money; feminism and post-feminism; changes in the nuclear family; dramatised through contrasting romantic relationships and shifting discourses of masculinity, situating them within the specific socio-historic and cultural context in which the series are set. Throughout, Irwin underscores the centrality of women, their friendships, and their personal and professional lives and experiences to the television romantic comedy genre, demonstrating that it is the prominence of female characters and their interests and concerns which have most significantly affected the genre's thematic focus. Crucially, this thematic approach allows for explorations both of similarities in representations to be found in series decades apart and the way in which such representations ebb and flow across time. Additionally, the international nature of the comedies selected also makes possible comparison beyond national boundaries.
