Projects for shareholder value. A capital budgetting perspective Mehari Mekonnen Akalu, 2003 *Management van gedrag* Laurie J. Mullins, 2007 Studieboek op hbo wo niveau *Economic Titles/abstracts*, 1991 *Economic Titles*, 1976 **Exploration of a Theory of Internal Audit** Walter Hendricus Adrianus Swinkels, 2012 Scandals have undermined investor confidence in the management of firms and drawn global attention to how Management Boards of public firms are in control of their operations These scandals cleared the way for corporate governance committees to define new requirements on the control systems of public firms However the requirements of these committees did not prevent new problems with a number of firms some of which published an in control statement This raises questions with respect to the effectiveness and completeness of the control of these firms suggesting that possible quintessential elements or aspects are missing The internal audit profession has been involved only indirectly in the discussion on corporate governance in the Netherlands This thesis explores a theory of internal audit in relation to the nature and the control systems of Dutch public listed firms This thesis explores literature and current practices to obtain a clear view of internal audits theoretical and practical contributions to the reasons of existence and scope of work in the control system of a firm Cover *Risk Management and Corporate Governance* Marijn van Daelen, Christoph van der Elst, 2010-01-01 In reaction to the recent financial crisis and corporate failures at the beginning of the millennium the emphasis of the business community in corporate governance has shifted towards internal control and risk management issues As a result risk management discussion has reached an unprecedented level for academics and practitioners alike This international multidisciplinary book provides a comprehensive overview of the risk management landscape encompassing its challenges and problems and taking stock of its influence on both companies and society as a whole The eminent contributors review historical and current provisions relating to internal control and risk management in Europe and in the USA They address the interconnected consequences of the necessity of risk management and illustrate that a comprehensive approach needs to be further improved The pros and cons of both the rule based and the principle based approaches are analysed showing that the latter makes it more feasible for sound business practices to be combined with strategic company goals and for the relationship between entrepreneurial risk taking and

sound risk governance management to be in equilibrium The book also presents a balanced supervision framework which both promotes prevention of excessive risk taking and tackles risk failure *Társadalom És Gazdaság Közép- És Kelet-Európában* ,1996
