Tyranny from Plato to Trump Andrew Fiala, 2022-03-15 Power grabs partisan stand offs propaganda and riots make for tantalizing fiction but what do we do when that drama becomes a reality all around us For a country founded as an escape from British tyranny the United States seems to have devolved into a land where tyrants rise to power sycophants blindly follow and the entire nation suffers As ancient Greek philosophers warned us chaotic tragedy unfolds in the absence of reason and the only cure is a return to wisdom and virtue America s founding fathers knew this lesson all too well and dreamed of an enlightened citizenry guided by better than ideological dictators Using contemporary events to illuminate universal human weaknesses Andrew Fiala charts the perennial history of tyrannical takeovers and the masses who support them and ultimately suffer under their rule Ultimately Fiala also points to a solution Knowing the cyclical nature of tyranny we can build safeguards against our worst inclinations and keep alive the freedoms our founding fathers envisioned for this nation
