Lessons Learned from Popular Culture Tim Delaney, Tim Madigan, 2016-06-28 Informative and entertaining introduction to the study of popular culture As the culture of the people popular culture provides a sense of identity that binds individuals to the greater society and unites the masses on ideals of acceptable forms of behavior Lessons Learned from Popular Culture offers an informative and entertaining look at the social relevance of popular culture Focusing on a wide range of topics including film television social media music radio cartoons and comics books fashion celebrities sports and virtual reality Tim Delaney and Tim Madigan demonstrate how popular culture in contrast to folk or high culture gives individuals an opportunity to impact modify or even change prevailing sentiments and norms of behavior For each topic they include six engaging and accessible stories that conclude with short life lessons Whether you re a fan of The Big Bang Theory or Seinfeld the Beatles or Beyonc Charlie Brown or Superman there s something for everyone *Russian Style* Julie A.

Cassiday, 2023-12-19 In the two decades after the turn of the millennium Vladimir Putin s control over Russian politics and society grew at a steady pace As the West liberalized its stance on sexuality and gender Putin s Russia moved in the opposite direction remolding the performance of Russian citizenship according to a neoconservative agenda characterized by increasingly exaggerated gender roles By connecting gendered and sexualized citizenship to developments in Russian popular culture Julie A Cassiday argues that heteronormativity and homophobia became a kind of politicized style under Putin s leadership However while the multiple modes of gender performativity generated in Russian popular culture between 2000 and 2010 supported Putin s neoconservative agenda they also helped citizens resist and protest the state s mandate of heteronormativity Examining everything from memes to the Eurovision Song Contest and self help literature Cassiday untangles the discourse of gender to argue that drag or travesti became the performative trope par excellence in Putin s Russia Provocatively Cassiday further argues that the exaggerated expressions of gender demanded by Putin s regime are best understood as a form of cisgender drag This smart and lively study provides critical nuanced analysis of the relationship between popular culture and politics in Russia during Putin s first two decades in power The Snark Handbook Lawrence
