*Principles of Ethical Economy* P. Koslowski,2012-12-06 John Maynard Keynes wrote to his grandchildren more than fifty years ago about their economic possibilities and thus about our own I see us free there fore to return to some of the most sure and certain principles of religion and traditional virtue that avarice is a vice that the exaction of usury is a misde meanour We shall once more value ends above means and prefer the good to the useful Economic Possibilities for Our Grandchildren pp 371 72 In the year 1930 Keynes regarded these prospects as realizable only after a time span of one hundred years of which we have now achieved more than half The present book does not share Keynes s view that the possibility of an integration of ethics and economics is dependent exclusively on the state of economic development though this integration is certainly made easier by an advantageous total economic situation The conditions of an economy that is becoming post of ethics cultural industrial and post modern are favorable for the unification theory and economics Economic

development makes a new establishment of economic ethics and a theory of ethical economy necessary Herdecke and Hanover October 1987 P K TABLE OF CONTENTS Foreword v Introduction 0 1 Ethical Economy and Political Economy 0 1 1 Ethical Economy as Theory of the Ethical Presuppositions of the Economy and Economic Ethics 3 0 1 2 *Nature* Sir Norman Lockyer, 1922 **The Publishers Weekly**, 1917 Mastering Soft Skills Julian Vyner, 2018-04-17 This book shows that to succeed in professional services you need soft skills These skills work hand in hand with your hard skills your expertise and what you know to make you a more effective Influencer Persuader Salesperson and eventually Trusted Advisor Mastering Soft Skills is the first book to Demonstrate why soft skills are so important in professional services Categorize which specific hard and soft skills are critical to being a more effective influencer persuader and salesperson respectively Show how the skills help you build rapport communicate well create trust be empathetic and master self control Teach what you need to do to master them and get results People from many walks of life can benefit from these soft skills but if you are selling to companies and your product offers little tangible advantage or you work in professional services where people are part of the product these soft skills are the difference that make the difference *Research in the History of Economic Thought and Methodology* Warren J. Samuels, Jeff Biddle, Donald F. Koch, 1995 Volume 25 C commences a series of class notes taken at Northwestern and Chicago during the period 1964 1967 The notes from courses at Northwestern are Robert Clower's course on economic theory and Frank Fetter's course on monetary institutions and policies The notes from Chicago include George Stigler's course on industrial organization Merton Miller's course on corporate finance and Daniel Orr's course on the theory of the firm Also included are Warren Samuels notes from James Earley's courses on economic theory and on money income and price given at Wisconsin during 1954 1955 and Samuels's notes from a faculty seminar on myth theology and society given by Robert T Anderson at Michigan State University in 1974 The series presents review essays multiple reviews and mini symposia on new works in this field Volumes are broad in scope The series fills a substantial gap in this field *The Rebirth of Dialogue* James P. Zappen, 2012-02-01 Dialogue has suffered a long eclipse in the history of philosophy and the history of rhetoric but has enjoyed a rebirth in the work of Hans Georg Gadamer Martin Buber and Mikhail Bakhtin Among twentieth century figures Bakhtin took a special interest in the history of the dialogue form This book explores Bakhtin's understanding of Socratic dialogue and the notion that dialogue is not simply a way of persuading others to accept our ideas but a way of holding ourselves and others accountable for all of our thoughts words and actions In supporting this premise Bakhtin challenges the traditions of argument and persuasion handed down from Plato and Aristotle and he offers as an alternative a dialogical rhetoric that restructures the traditional relationship between speakers and listeners writers and readers as a mutual testing contesting and creating of ideas The author suggests that Bakhtin's dialogical rhetoric is not restricted to oral discourse but is possible in any medium including written graphic and digital

than free government schools do at prices within reach of even the most impoverished families In the course of his analysis Tooley asks the key questions What proportion of poor children is served How good are the private schools What are the business models for these schools And can they be replicated and improved The evidence is in In poor urban and rural areas around the world children in low cost private schools outperform those in government schools And the schools do so for a fraction of the per pupil cost Ubiquity affordability quality value for money equity choice and sustainability these are the seven categories by which schooling should be judged according to Tooley In every instance one is forced to conclude that low cost non governmental entrepreneurial education as practiced by the poor around the globe contains the key to their rise to prosperity and leadership positions within their own respective cultures Alarmed by recent government barriers in education Americans can now find hope in the triumph in the face of acute adversity of these remarkable schools Because of the pandemic parents in America and Europe are discovering that the education of their children is indeed possible and likely far better without government meddling with rigid seat time mandates outdated school calendars absurd age driven grade levels and worse testing regimes And having experienced the first fruits of educational freedom parents will be increasingly open to the possibilities of ever greater educational entrepreneurship and innovation Thankfully they have Really Good Schools to show the way

*Microeconomics* Robert E. Kuenne,1991      *Ethics and Future Generations* Rahul Kumar,2018-10-18 Existing human beings stand in a unique relationship of asymmetrical influence over future generations Our choices now can settle whether there are any human beings in the further future how many will exist what capacities and abilities they might have and what the character of the natural world they inhabit is like This volume with contributions from both new voices and prominent established figures in moral and political philosophy examines three generally underexplored themes concerning morality and our relationship to future generations First would it be morally wrong to allow humanity to go extinct Or do we have moral reasons to try and ensure that humanity continues into the indefinite future Second if humanity is to continue into the future how many people should there be And is it morally important whether they have lives that are of high quality or are just barely worth living And third how can we best make sense of the intuitive idea that by not taking action on climate change and preserving natural resources we are in some way wronging future generations This book was originally published as a special issue of the Canadian Journal of Philosophy
