Exploded view and component disposal

This document is intended for use by authorized MIRA service centers only.

"Service Schematics" was created with focus on customer care. The purpose of this document is to provide further technical repair information for NISSE middle phones of Level 2/4 service activities. It contains additional information such as e.g. "Component Index", "Frequency Band table" or "Antenna switch table". The "Signal receiver" page gives a good and fast overview about the most important signals and voltages on board. Testing process time and improving the repair quality is the aim of this document. It can be used additionally to the service manual and other training or service information such as Service Bulletin.
