Philosophy at the Gymnasium Erik Kenyon,2024-09-15 Philosophy at the Gymnasium returns Greek moral philosophy to its original context the gyms of Athens to understand how training for the body sparked training for the mind The result is an engaging inroad to Greek thought that wrestles with big questions about life happiness and education while providing fresh perspectives on standing scholarly debates In Philosophy at the Gymnasium Erik Kenyon reveals the egalitarian spirit of the ancient gym in which clothes and with them social markers are shed at the door leaving individuals to compete based
