**Teaching Moral Sex** Kristy L. Slominski,2021-01-20 Whose job is it to teach the public about sex Parents The churches The schools And what should they be taught These questions have sparked some of the most heated political debates in recent American history most recently the battle between proponents of comprehensive sex education and those in favor of an abstinence only curriculum Kristy Slominski shows that these questions have a long complex and surprising history Teaching Moral Sex is the first comprehensive study of the role of religion in the history of public sex education in the United States The field of sex education Slominski shows was created through a collaboration between religious sex educators primarily liberal Protestants along with some Catholics and Reform Jews and men of science namely physicians biology professors and social scientists She argues that the work of early religious sex educators laid the foundation for both sides of contemporary controversies that are now often treated as disputes between religious and secular Americans Slominski examines the religious contributions to national sex education organizations from the late nineteenth century to the early twenty first Far from being a barrier to sex education she demonstrates religion has been deeply embedded in the history of sex education and its legacy has shaped the terms of current debates Focusing on religion uncovers an under recognized cast of characters including Quaker and Unitarian social purity reformers military chaplains and the Young Men s Christian Association who Slominski deftly shows worked to make sex education more acceptable to the public through a strategic combination of progressive and restrictive approaches to sexuality Teaching Moral Sex highlights the essential contributions of religious actors to the movement for sex education in the United States and reveals where their influence can still be felt today **The Publishers Weekly** ,1914 [SCM Studyguide: Theology in the Contemporary World](#) Ben Pugh,2017-11-30 No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads They are bombarded with claim and counter claim as soon as they want to tackle anything topical The contentious subjects tend to be the historical Jesus gender and sexuality or the atonement Other subjects might be less contentious but attract an astonishing excess of literature Take the vast literature tackling the subject of the Church for instance or the bloated body of

tomes on various aspects of Pneumatology This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive approachable and informative It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry Subjects covered include The Quests for the Historical Jesus Third Article Theology The Missional Church Liberation Theology Feminist LGBT and Queer Approaches Postmodern Faith and the Emerging Church Nonviolent Atonement     The Bookseller, Newsdealer and Stationer ,1914
