Shark Infested Mind:

Carnivore Minds G. A. Bradshaw, 2017-03-28 Myth and media typically cast animals we consider predators or carnivores as unthinking killers dangerous unpredictable and devoid of emotion But is this portrait valid By exploring their inner lives this pioneering book refutes the many misperceptions that hide the true nature of these animals We discover that great white sharks express tender maternal feelings rattlesnakes make friends orcas abide by an ancient moral code and much more Using the combined lenses of natural history neuroscience and psychology G A Bradshaw describes how predators share the rainbow of emotions that humans experience including psychological trauma Renowned for leading research on post traumatic stress disorder PTSD in elephants and other species Bradshaw decries the irrational thinking behind wildlife policies that equate killing carnivores with conservation In its place she proposes a new ethical approach to coexistence with the planet's fiercest animals

Wired For God? Charles Foster, 2011-12-08 Human religious experiences are remarkably uniform many can be pharmacologically induced Recent research into the neurology of religious experience has shown that when worshipping or praying a certain part of the brain apparently dormant during other activities becomes active What does all this mean for those of faith and those with none In this fascinating book barrister Charles Foster takes a survey of the evidence from shamans to medieval mystics to out of body experiences and epilepsy via Jerusalem and middle class Christianity and assesses its significance Written in short accessible chapters this is a fascinating tour of religious and mystical experiences and their relation to human physiology

BRAIN POWER LUIS VAS, 2015-09-01 A hundred billion neurons close to a quadrillion connections between them and we don't even fully understand a single cell Amazing isn't it This complex structure called the brain located inside the human head controls almost all our actions and reactions The author in this book has collected and compiled several techniques devised by a wide range of researchers to strengthen and sharpen the human brain so that it improves the body's immune system and its overall health The techniques are presented in a systematic manner in the form of chapters and the readers can use them in different situations as per their needs such as Seven Ways to Sharpen Attention Insight and Creativity Mindfulness Meditation and Self Coaching Exercise to Be Still Easy Strategies to Boost Your Brain Power Nine Things Successful People Do Differently However one should always remember that all the techniques given in the book have been provided merely for the purpose of enhancing the readers awareness of their health potential and not as prescriptions for curing any specific ailment

Curious Minds Peter Macinnis, 2012 Curious Minds The Discoveries of Australian Naturalists looks at the long line of naturalists who have traversed Australia in search of new plants and animals Identifying and classifying the unfamiliar plants and animals was their biggest challenge the early ones were frequently wrong but later naturalists were able to build on and learn from previous mistakes In time a new breed of homegrown naturalists emerged This succession of curious minds would help to foster pride in a developing nation as well an interest in the preservation of natural history Curious Minds brings to life the stories of the naturalists and settlers who made the unfamiliar familiar and who contributed to developments in natural science Among the names are Joseph Banks Charles Darwin Amalie Dietrich Ludwig Leichhardt Ferdinand von Mueller Ellis Rowan John Lewin and John and Elizabeth Gould Beautifully illustrated with images from the collection of the National Library of Australia the publication is a loving tribute to the courageous and inquisitive men and women who led by example

Getting Out of Your Own Way Nancy Colier, 2017-07-03 The primary obstacle to successful performance of any kind is our own mind In a clear and compassionate style Colier shows us how to understand and overcome the psychological barriers that keep us from achieving our full potential The book demonstrates how to radically change our relationship with negative thoughts move beyond comparison self doubt and jealousy and stop chasing a perfect and unattainable future and start living the moment that s here now Colier presents an inside out approach and ultimately teaches us how to build a a strong and reliable core self from which all performance is born She offers a ground breaking new approach to performance competition and life For all types of performers and competitors this is a truly original manual for becoming our own ally instead of our own enemy Above all Colier teaches how to allow ourselves to succeed

Reflections on Retirement in Year One: Happiness Favors a Prepared Mind Sander Peterson, 2023-12-26 It was December 1854 French chemist Louis Pasteur dean of the faculty of sciences at the University of Lille stated a famous quote Chance favors the prepared mind What does that really mean Simply put the better prepared you are the more likely you can take advantage of new opportunities Pasteur was a genius who developed vaccines for anthrax and rabies and created the process of pasteurization Although the future of medicine is not our destiny the concept of being prepared for retirement is Why not be ready for this first year of profound transition For some retirees the freedom from the old days of relentless toil at work is viewed as a permanent vacation It s a blessing to feel that way However for most of us there are significant feelings of consternation when leaving behind years of achievement at work It s okay to feel that way too This is normal and requires a

new perspective Truly it takes time and patience to adjust along with kindness about who we are now as retirees This short book or perhaps a survival guide is meant to calm fears about the unknown journey of retirement and lifestyle changes As stated in the title there is a truth that happiness favors a prepared mind It is important to be ready for retirement and should be comforting to know that most of us have the same emotions The purpose of this book is to share feelings that might be a challenge in your life right now The author provides a unique story along with personal experiences and examples to better understand and kindly accept retirement in year one It is a conversation that is needed and hopefully will be valuable for you
