Awakening the Power Within Gordana Savic, 2024-02-10

Awakening the Power Within Unleash Your True Potential and Transform Your Life I have previously written about the importance of inner strength in our lives When I started writing this book a year ago my intention was to share exactly that finding strength within oneself especially in difficult moments is crucial When a person discovers it and becomes aware of it it greatly helps them Equally important is to show others that it is possible using one's own example of going through various challenges and life truths to expand one's strength This means that others can improve their lives ease situations etc using certain methods A year later when it was completed it helped me a lot in dealing with much more serious life obstacles It is written from personal experience as a way of struggle reflection life experience and collaboration with different mentors from various areas of life The book consists of three sections The first identifies obstacles to our personal development the second deals with overcoming them and the third is the place where we want to be for the well being of ourselves and those around us The journal complements the book providing practical examples self reflection introspection and space for you to answer what concerns you The text in the book not only provides solutions but also the mindset of overcoming challenges self improvement thinking working on oneself seeing things from different perspectives It gives guidelines on what to work on overcome where to focus and work what to pay attention to and the possibility of finding that strength The sources from which you find them are within you and it all comes down to merging within you By awakening strength within oneself each

of us connects with our source whether it s God the Universe divine force energy nature or oneself Ebook is now only available online The printed version may come later

**Your power within** Blanca De la Rosa,2024-10-14 I began writing this book after my husband of 51 years passed away hoping to find my purpose in this new chapter of my life Without my best friend by my side I sought guidance and clarity Through my writing and research I learned to be patient with myself and the process embracing each day as it comes Digging deep into my subconscious to uncover my purpose required time effort and patience I discovered that within each of us lies an untapped well of strength Whether its in health career relationships or emotions our true power is ready to be harnessed By understanding the limits imposed upon us we can break free and create the world we dream of This book explores the souls journey and the quest for purpose and inner strength emphasizing patience and gradual progress The essence of the souls journey lies in accumulating and comprehending experiences Each action spoken word and emotion contributes to this path of learning growth and evolution Its a path of learning experiencing and evolving A soul journey is a route of spiritual and personal development that enables us to discover our passions connect with our inner selves and align with our greater purpose Its a journey to realizing our individual potential and reaching our destiny Throughout our journey we seek to find purpose and meaning beyond the material world At that point the concept of a soul journey becomes a reality

**The Dispersion of Power** Samuel Ely Bagg,2024 The Dispersion of Power is an urgent call to rethink centuries of conventional wisdom about what democracy is why it matters and how to make it better Drawing from history social science psychology and critical theory it explains why elections do not and cannot realize the classic ideal of popular rule and why prevailing strategies of democratic reform often make things worse Instead Bagg argues we should see democracy as a way of protecting public power from capture an alternative vision that is at once more realistic and more inspiring Despite their many shortcomings real world elections do prevent the most extreme forms of tyranny and are therefore indispensable In dealing with the vast inequalities that remain however we cannot rely on standard solutions such as electoral reform direct democracy deliberation and participatory governance Instead Bagg shows protecting and enriching democracy requires addressing underlying inequalities of power directly In part this entails substantive policies attacking the advantages of wealthy elites Even more crucially deepening democracy requires the organization of oppositional countervailing power among ordinary people Neither task is easy but historical precedents exist in both cases and if democracy is to survive contemporary crises leaders and citizens alike must find ways to revive and reinvent these essential democratic practices for the 21st century

**God and Globalization** Max L.. Stackhouse,Peter J.

Paris,2000-06-01 In the late 20th century the world has grown increasingly smaller because of advances in technology and the erosion of the nation state as a political paradigm The process of globalization with its promises of a common culture a common currency and a common government offers a new political model for the world that fosters unity and community At the same time however this process threatens to destroy the values norms and ideals that particular cultures have wrought and established and to thereby diminish the power of each culture s unique identity As globalization occurs society must decide which values will be normative and what roles that social institutions like religion and education will play in selecting and fostering these values The contributors to this volume examine both the promise and the threat of globalization using the tools of theological ethics to understand and evaluate the social contexts of life at the deepest moral and spiritual levels This inaugural volume of a projected four volume series Theology for the 21st Century God and Globalization examines five spheres of life economics Mammon political science Mars psychology and sexuality Eros the mass media and the arts Muses and religion that foster normative values for society As the writers argue their efforts attempt to determine whether God is behind globalization in any substantive way Contributors to the volume include Roland Robertson University of Pittsburgh
