The Georgetown Set Gregg Herken, 2014-10-28 In the years after World War II, Georgetown's leafy streets were home to an unlikely group of Cold Warriors who helped shape American strategy. This coterie of affluent, well-educated and connected civilians guided the country for better and worse from the Marshall Plan through McCarthyism, Watergate and Vietnam. The Georgetown set included Phil and Kay Graham, husband and wife publishers of The Washington Post; Joe and Stewart Alsop, odd couple brothers who were among the country's premier political pundits; Frank Wisner, a driven, manic depressive lawyer in charge of CIA covert operations; and a host of other diplomats, spies and scholars. Gregg Herken gives us intimate portraits of these dedicated and talented, if deeply flawed, individuals who navigated the Cold War years often over cocktails and dinner, with very real consequences reaching into the present day. Throughout, he illuminates the drama and fascination of that noble, congenial, curious old world in Joe Alsop's words, bringing this remarkable roster of men and women not only out into the open but vividly to life. Leopardology Kivi Bernhard, 2009-10-01

Leopardology™ the art of Positive Predatory Thinking. Critical business strategy gleaned from the hunt of the African leopard. Critical business thinking and strategy gleaned from the hunting habits and techniques of the African leopard, perhaps the most successful predator on earth. Using the hunting habits and techniques of Africa's most successful predator, Leopardology™ draws metaphors of personal and business success that will simply leave you spellbound. Having the lion's share of market territories and clients to which corporations have been accustomed is no longer the case. Competitor predators are continually on the prowl for your market share and profit. On the plains of the African savannah, deficiencies of vision, strategy, trust and change

management are often the indicators that lead alert predators to easy prey Not unlike the world of commerce in the bushlands of Africa if one is not hunting to survive one will simply survive to be hunted **Tales That Touch** Bettina Brandt, Yasemin Yildiz, 2022-09-20 Cultural texts born out of migration frequently defy easy categorization as they cross borders languages histories and media in unpredictable ways Instead of corralling them into identity categories whether German or otherwise the essays in this volume building on the influential work of Leslie A Adelson interrogate how to respond to their methodological challenge in innovative ways Investigating a wide variety of twentieth and twenty first century texts that touch upon things German in the broadest sense from print and born digital literature to essay film nature drawings and memorial sites the contributions employ transnational and multilingual lenses to show how these works reframe migration and temporality bringing into view antifascist aesthetics refugee time postmigrant Heimat translational poetics and post Holocaust affects With new literary texts by Yoko Tawada and Zafer enocak and essays by Gizem Arslan Brett de Bary Bettina Brandt Claudia Breger Deniz G kt rk John Namjun Kim Yuliya Komska Paul Michael L tzeler B Venkat Mani Barbara Mennel Katrina L Nousek Anna Parkinson Damani J Partridge Erik Porath Jamie Trnka Ulrike Vedder and Yasemin Yildiz **Most Popular Web Sites** Lycos Development Group, 1997-02 **Men's Health** , 2008-01 Men s Health magazine contains daily tips and articles on fitness nutrition relationships sex career and lifestyle **Los Angeles Magazine** , 2003-11 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian *Library Literature & Information Science* , 2002 An index to library and information science literature *What We Do Next Really Matters* Mark Roeder, 2022-04-29 The choices we make over the next few years will resonate for decades and perhaps centuries This is because our world is at a critical turning point in history as old certainties are swept aside by a global pandemic climate change and political upheaval How we respond to these challenges will determine whether we usher in a new Age of Enlightenment or a second Dark Ages In this compelling book Mark Roeder makes sense of our predicament and explains why we must reconsider some of our most fundamental beliefs Our current path is not sustainable socially environmentally or economically We are literally devouring our planet and our communities are becoming more polarised and fearful of the future The time has come for us to make some bold changes to the way we live This book explains what these changes should be and how to implement them *Library Journal* , 1996-04 *The Villager* Feyi Olubodun, 2018-02-05 The Villager is essential reading for brand owners wishing to conquer new markets When Feyi Olubodun CEO of one of West Africa s leading creative agencies witnessed one too many cases of brands failing in the African marketplace he began to ask himself
