Urdu Essay My School:

Literacy Development in A Multilingual Context Aydin Y. Durgunoglu, Ludo Verhoeven, 2013-12-16 During the past decades literacy has gradually become a major concern all over the world Though there is a great diversity in both the distribution and degree of literacy in different countries there has been an increasing awareness of the number of illiterates and the consequences of being illiterate However literacy is no longer seen as a universal trait When one focuses on culturally sensitive accounts of reading and writing practices the concept of literacy as a single trait does not seem very feasible A multiplicity of literacy practices can be distinguished which are related to specific cultural contexts and associated with relations of power and ideology As such literacy can be seen as a lifelong context bound set of practices in which an individual's needs vary with time and place This volume explores the use of literacy outside the mainstream in different contexts throughout the world It is divided into four sections Section 1 presents an anthropological perspective analyzing the society and the individual in a society Section 2 presents a psychological perspective focusing on the individuals themselves and analyzing the cognitive and affective development of young children as they acquire literacy in their first and second languages Section 3 presents an educational perspective highlighting the variations in educational approaches in different societies as well as the outcomes of these approaches Section 4 summarizes the studies presented in this volume Both theoretical issues and educational implications related to the development of literacy in two languages are discussed An attempt is also made to open up new directions in the study of literacy development in multilingual contexts by bringing these various disciplinary perspectives together

Against the Grain Khalad Hussain,2012-11 He started life in the simple world of a Kashmiri village Here each day was the same as ones gone before Then one day his parents announced that he is to go and live with relatives in England They hoped for him to have a better life Little did they know We are taken on a journey with the boy as he becomes man in the newly developing multi cultural world of the 1970s We are given a glimpse into his life lived against the grain With him we encounter John Steinbeck Bruce Springsteen and much more besides We learn about his community as it becomes a part of the British landscape With him we also go on a faith adventure This is a wonderfully written story full of human interest Britain has long been multicultural but few of us understand what it is like to stand in the migrant s shoes Rich in insight uplifting in spirit full of hope this is a book for those who want to better understand contemporary society Dr Paul Bendor Samuel It is crucial to judge this book by its cover It goes against the grain because there are few Pakistanis who can articulate the issues as well when it comes to being abruptly uprooted from one culture only to make a go of it in another It goes against the grain because the author retains links to his heritage while achieving full assimilation into British society Steve Bell
