Qualifying Times Jaime Schultz, 2014-03-15 This perceptive lively study explores U S women s sport through historical points of change particular products or trends that dramatically influenced both women s participation in sport and cultural responses to women athletes Beginning with the seemingly innocent ponytail the subject of the Introduction scholar Jaime Schultz challenges the reader to look at the historical and sociological significance of now common items such as sports bras and tampons and ideas such as sex testing and competitive cheerleading Tennis wear tampons and sports bras all facilitated women s participation in physical culture while physical educators the aesthetic fitness movement and Title IX encouraged women to challenge or confront policy financial and cultural obstacles While some of these points of change increased women s physical freedom and sporting participation they also posed challenges Tampons encouraged menstrual shame sex testing a tool never used with male athletes perpetuated narrowly defined cultural norms of femininity and the late twentieth century aesthetic fitness movement fed into an unrealistic beauty ideal Ultimately Schultz finds that U S women s sport has progressed significantly but ambivalently Although participation in sports is no longer uncommon for girls and women Schultz argues that these points of change have contributed to a complex matrix of gender differentiation that marks the female athletic body as different than as less than the male body despite the advantages it may confer *The Routledge International Handbook of the Crimes of the Powerful* Gregg Barak, 2015-06-05 Across the world most people are well aware of ordinary criminal harms to person and property Often committed by the powerless and poor these individualized crimes are catalogued in the statistics collected annually by the FBI and by similar agencies in other developed nations In contrast the more harmful and systemic forms of injury to person and property committed by powerful and wealthy individuals groups and national states are neither calculated by governmental agencies nor annually reported by the mass media As a result most citizens of the world are unaware of the routinized crimes of the powerful even though they are more likely to experience harms and injuries from these types of organized offenses than they are from the atomized offenses of the powerless Research on the crimes of the powerful brings together several areas of criminological focus involving organizational and institutional networks of powerful people that commit crimes against workers marketplaces taxpayers and political systems as well as acts of torture terrorism and genocide This international handbook offers a comprehensive authoritative and structural synthesis of these interrelated topics of criminological concern It also explains why the crimes of the powerful are so difficult to control Edited by internationally acclaimed criminologist Gregg Barak this book reflects the state of the art of scholarly research covering all the key areas including corporate global environmental and state crimes The handbook is a perfect resource for students and researchers engaged with explaining and controlling the crimes of the powerful domestically and internationally **Reimagining Historic House Museums** Kenneth C. Turino, Max A. van Balgooy, 2019-09-13 Drawing from innovative organizations across the United States Reimagining Historic House Museums is

an indispensable source of field tested tools and techniques drawn from such wide ranging sources as non profit management business strategy and software development It also profiles historic sites that are using new models to engage with their communities to become more relevant are adopting creative forms of interpretation and programming and earning income to become more financially sustainable The book is a combination of a museum conference a hands on workshop and toolbox It contains five main parts Fundamentals and Essentials Audiences Different Approaches to Familiar Topics Methods Imagining New Kinds of House Museums This authoritative guide from the American Association for State and Local History AASLH will help house museum boards directors and staff seeking a path forward in rapidly changing times Graduate programs in public history museum studies curatorial studies and historic preservation will discover models and approaches that will provoke lively discussions about the issues facing the field

Asian American History Huping Ling, 2023-08-11 A comprehensive survey Asian American History places Asian immigration to America in international and domestic contexts and explores the significant elements that define Asian America imperialism and global capitalist expansion labor and capital race and ethnicity immigration and exclusion family and work community and gender roles assimilation and multiculturalism panethnicity and identity transnationalism and globalization and new challenges and opportunities It is an up to date and easily accessible resource for high school and college students as well as anyone who is interested in Asian American history Asian American History Covers the major and minor Asian American ethnic groups It presents the myriad and poignant stories of a diverse body of Asian Americans from illiterate immigrants to influential individuals within a broad and comparative framework offering microscopic narratives as well as macroscopic analysis and overviews Utilizes both primary and secondary sources employs data and surveys and incorporates most recent scholarly discourses Attractive and accessible by incorporating voices and illustrations of the contemporaries and by using straightforward language and concise syntax while maintaining a reasonable level of scholarly depth Special features Each chapter features Significant Events Sidebars incorporating primary sources or scholarly debates Review Questions and Further Readings to aid and enhance student learning experience Bibliographies charts maps photographs and tables are included Written by a preeminent historian with four decades of teaching research and publishing experiences in Asian American history it is the best book on the subject to date

Childhood Education: History, Theories, and Approaches to Learning (3rd Edition) Lissanna Follari, 2015-05-20

Foundations and Best Practices in Early Childhood Education History Theories and Approaches to Learning 3rd Edition

Managing the Next Generation of Public Workers Madinah F Hamidullah, 2015-09-16 Managing the Next Generation of Public Workers is a fresh and energetic look at the changing climate of diversity in the public and nonprofit workplace The workforce of the twenty first century represents unparalleled complexity Baby Boomers GenX GenY and Millennials Although that diversity may be challenging and often overwhelming for public managers Madinah Hamidullah emphasizes the potential strengths that can be drawn from complex multigenerational relationships This handbook offers public and nonprofit managers the tools necessary to address generational differences and questions such as How do the newer generations in the workplace differ on such fundamentals as work ethic family values and retirement horizons Are they recruited differently and do they expect a different mix of benefits perhaps a better work life balance as a tradeoff for a lower salary How can diverse generational perspectives in the workplace add value by questioning old traditional assumptions Will approaches to organizational decision making necessarily change as new generations take over The book is for public and nonprofit managers who recognize the challenges of managing a multigenerational workforce and are therefore seeking helpful insights This volume is a roadmap not only for human resource HR managers but for all managers who must address the complexities of the human condition complexities that are complicated by the most rapid succession of workforce generations that we have yet seen

The Art of Compassionate Business Bruno R. Cignacco, 2023-12-01 There are several well ingrained assumptions regarding the dynamics of work and business activities which can be refuted Some examples of these widespread assumptions in business and work environments are employees being viewed as commodities competitors perceived as threats companies resources seen as limited and customers perceived as scarce and difficult All this leads to the question Is there a way to perform business activities more humanely The second edition of this book challenges the reader to change the way they perform in business situations and become more focused on the human aspects of business activities The users of this knowledge and those affected by them will undergo a profound transformation in the way they perform business activities They will benefit from gradually testing and implementing the guidelines conveyed in this book both in the business environment and in the workplace When readers put these principles into practice positive ripple effects are bound to affect other stakeholders of the organisation they work for or own The author has refreshed all the concepts and examples introduced in the first edition which include aspects related to mission and vision passion business mindset organisational learning improvement of business conversations use of constructive criticism and betterment of relationships with the most relevant stakeholders customers suppliers intermediaries community employees etc The author also includes a discussion of creativity and the innovation process as well as other relevant aspects related to a healthy business environment and provides various real life examples of companies which have adopted a loving attitude towards their stakeholders which has

become so important in the current business environment **Introduction to Criminal Justice** Brian K. Payne, Willard M. Oliver, Nancy E. Marion, 2017-11-27 Very thorough text that makes great use of high profile cases to engage students and foster a passion for criminal justice Patricia Ahmed South Dakota State University Introduction to Criminal Justice Second Edition provides students with balanced comprehensive and up to date coverage of all aspects of the criminal justice system Authors Brian K Payne Willard M Oliver and Nancy E Marion cover criminal justice from a student centered perspective by identifying the key issues confronting today s criminal justice professionals Students are presented with objective research driven material through an accessible and concise writing style that makes the content easier to comprehend By exploring criminal justice from a broad and balanced perspective students will understand how decision making is critical to the criminal justice process and their future careers The fully updated Second Edition has been completely revised to include new studies and current examples that are relatable to today s students Two new feature boxes have been added to this edition to help students comprehend and apply the content You Have the Right to gives insight into several Constitutional amendments and their relationship with criminal justice today and Politics and Criminal Justice explores current political hot topics surrounding the justice system and the debates that occur on both sides of the political aisle **Handbook of the History of Social Psychology** Arie W. Kruglanski, Wolfgang Stroebe, 2012-10-12 For the first time in the history of social psychology we have a handbook on the history of social psychology In it leading luminaries in the field present their take on how research in their own domains has unfolded on the scientists whose impact shaped the research agendas in the different areas of social psychology and on events institutions and publications that were pivotal in determining the field s history Social psychology s numerous subfields now boast a rich historical heritage of their own which demands special attention The Handbook recounts the intriguing and often surprising lessons that the tale of social psychology s remarkable ascendance has to offer The historical diversity is the hallmark of the present handbook reflecting each of this field s domains unique evolution Collectively the contributions put a conceptual mirror to our field and weave the intricate tapestry of people dynamics and events whose workings combined to produce what the vibrant discipline of social psychology is today They allow the contemporary student scholar and instructor to explore the historical development of this important field provide insight into its enduring aims and allow them to transcend the vicissitudes of the zeitgeist and fads of the moment The Handbook of the History of Social Psychology provides an essential resource for any social psychologist s collection

Introduction to Policing Steven M. Cox, David Massey, Connie M. Koski, Ericka Wentz, 2023-01-30 Written by an author team that includes former and current law enforcement officers Introduction to Policing focuses on the most thought provoking contemporary issues in the world of policing The authors tackle complex issues that impact policing today such as social diversity advancements in technology and global issues such as terrorism and transnational organized crime The Fifth Edition offers fully updated content in SAGE s Vantage courseware platform **Media/Society** David Croteau, William

Hoynes, Clayton Childress, 2021-06-11 Winner of the 2022 Textbook Academic Authors Association's The McGuffey Longevity Award Media Society Technology Industries Content and Users helps students understand the relationship between media and society and gets them to think critically about recent media developments Authors David Croteau William Hoynes and new co author Clayton Childress take an interdisciplinary approach with a sociological focus to answer questions like How do people use the media in their everyday lives and How has the evolution of technology affected the media and how we use them The Seventh Edition incorporates the latest scholarship and data that address enduring media topics as well as new concerns raised by the role of digital platforms the impact of misinformation online and the role of media during the COVID 19 pandemic **273 technical questions and answers for job interview Offshore Oil & Gas Rigs** Petrogav

International Oil & Gas Training Center, 2020-06-30 The job interview is probably the most important step you will take in your job search journey Because it's always important to be prepared to respond effectively to the questions that employers typically ask at a job interview Petrogav International has prepared this eBooks that will help you to get a job in oil and gas industry Since these questions are so common hiring managers will expect you to be able to answer them smoothly and without hesitation This eBook contains 273 questions and answers for job interview and as a BONUS web addresses to 230 video movies for a better understanding of the technological process This course covers aspects like HSE Process Mechanical Electrical and Instrumentation Control that will enable you to apply for any position in the Oil and Gas Industry **Fluid, Electrolyte, and Acid-Base Imbalances** Allison Hale, Mary Jo Hovey, 2013-10-29 Here's all of the crucial coverage you need to succeed in class and confidently prepare for your classroom exams and the NCLEX Easy to follow outlines focus on the information essential to make this challenging subject more manageable Teaching Islamic Studies in the Age of ISIS, Islamophobia, and the Internet Kimberly Hall, Doaa Baumi, Manuela Ceballos, Benjamin Geer, Mouez Khalfaoui, Alfons H. Teipen, William Maynard Hutchins, Laila Hussein Moustafa, Nathan S. French, Todd Green, Sabahat F. Adil, Kecia Ali, Phil Dorroll, Lyndall Herman, Shehnaz Haqqani, 2019-01-24 A much needed volume and a must read for educators addressing a challenging topic in a challenging time Choice How can teachers introduce the subject of Islam when daily headlines and social media disinformation can prejudice students perception of the subject Should Islam be taught differently in secular universities than in colleges with a clear faith based mission What are strategies for discussing Islam and violence without perpetuating stereotypes The contributors of Teaching Islamic Studies in the Age of ISIS Islamophobia and the Internet address these challenges head on and consider approaches to Islamic studies pedagogy Islamophobia and violence and suggestions for how to structure courses These approaches acknowledge the particular challenges faced when teaching a topic that students might initially fear or distrust Speaking from their own experience they include examples of collaborative teaching models reading and media suggestions and ideas for group assignments that encourage deeper engagement and broader thinking The contributors also share personal struggles when confronted with students including Muslim students

and parents who suspected the courses might have ulterior motives In an age of stereotypes and misrepresentations of Islam this book offers a range of means by which teachers can encourage students to thoughtfully engage with the topic of Islam Abundant and useful references Highly recommended Choice
